CATALOGUE OF Ornamental Trees, Shrubs, Etc.

Terms of Business, etc.

PACKING CHARGES.—To ensure plants reaching their destination in good order, we take exceptional care with our packing, which is charged for at as near as possible cost price, for the material used as well as for the skilled labor of our packers.

TERMS OF SALE.—Every care is taken to ensure all orders being executed correctly, but we do not hold ourselves responsible for the productiveness of any trees or plants sent out by us, nor will we be responsible for failures, as there are so many reasons beyond our control that cause plants to fail.

ORDERING.—When ordering, write plainly name and address, also postal address, and state nearest Railway Station. (State whether Mr., Mrs., or Miss. These omissions frequently cause confusion.) All orders are despatched as early as possible on receipt, and should delay occur clients are advised at once.

As the season advances, some lines become scarce. To save disappointment we advise our customers to let us know their requirements, so that we can reserve same and forward when we are advised. Later in the season, certain lines may be sold out; in case we cannot supply or procure the variety required from some reliable source, customers would oblige by adding names of other varieties so that we can substitute if necessary.

DELIVERY.—All goods are delivered free to Wharves, Railway Stations, and Carriers' Offices at Melbourne, after which our responsibility ceases, and goods travel at the purchaser's risk.

NEW CUSTOMERS.—Customers with whom we have not previously transacted business are requested to remit with order, or refer us to some reputable Melbourne person or firm as a guarantee of good faith.

PAYMENTS may be made by Money Orders or Cheques (exchange must be added to country or interstate cheques), or small amounts by Postal Notes.

PLEASE NOTE

We can supply smaller plants of most of the varieties of Pot Plants listed in this Catalogue at a reduction of six pence (6d.) per plant; these plants are similar to those being offered at cheap rates by some growers and Chain Stores.

Those Marked (*) are Obtainable in the Spring and Summer Only.

---LOCALITY PLAN---

BUFFALO GRASS ROOTS FOR LAWNS—10/- per SACK; 5/6 per HALF SACK.

Shrubs and Trees

Most of our plants are grown in pots under hardy conditions, and can safely be transplanted to the open ground at almost any time of the year, provided that in dry weather a plentiful supply of water is available. Fuller particulars of some of the varieties listed will be found in the previous issue of our General Plant Catalogue, a limited number of which is still available for distribution, but this list cancels all prices quoted in any previous issue.

The heights that the various shrubs, etc., attain vary according to the different situations or conditions under which they are grown, so those given must be regarded as only approximate, allowance having also been made for varieties that should be pruned in Winter or shortened back after they have flowered.

Abbreviations: E.S., Evergreen Shrub; E.T., Evergreen Tree; D.S., Deciduous Shrub (bare of foliage in Winter); D.T., Deciduous Tree.

ABELIA

- Rupestris, E.S., 4 ft. Rose and white 2/-
Uniflora, E.S., 3 ft. Pale pink 2/-

ABIES (Spruce Fir)

- Alba, E.T., 50 ft. White Spruce 2/6
Douglasii, E.T., 70 ft. Oregon Fir 2/6
Excelsa, E.T., 50 ft. Norway Spruce 2/6
Menziesii, E.T., 50 ft. Menzies Spruce 2/6

ABUTILON (Chinese Lantern)

- Aureum Variegatum, E.S., 6 ft. Golden variegated foliage 1/6
Boule de Neige, E.S., 6 ft. Pure white. 1/6
Darwinii Tessellatum, E.S., 5ft. Spotted golden-yellow leaves 1/6
Driven Snow, E.S., 5 ft. White 1/6
Eclipse, E.S., 6 ft. Orange, scarlet and purple 1/6
Emperor, E.S., 4 ft. Crimson 1/6
Golden Fleece, E.S., 5 ft. Golden yellow 1/6
Rosae-florum, E.S., 6 ft. Pink and crimson 1/6
Sawitzii, E.S., 4 ft. Green and white foliage 1/6
Sydney Belle, E.S., 6 ft. Yellow 1/6
Thompsonii Plenum, E.S., 5 ft. Double orange 1/6
Vexillarium Variegatum, E.S., 4 ft. Small variegated leaves and small crimson and yellow flowers 1/6
Violet Queen, E.S., 6 ft. Bright violet 1/6
6 Varieties of Abutilons, our selection for 7/6

ACACIA (Native Wattle)

- Baileyana, E.S., 15 ft. Cootamundra Wattle 1/6
Cultriformis, E.S., 12 ft. Orange flowers 1/6
Dealbata, E.T., 20 ft. Silver Wattle 1/6
Dentifera, E.S., 3 ft. Golden yellow flowers 1/6
Elata, E.T., 20 ft. Peppertree Wattle 1/6
Elongata, E.T., 15 ft. Bright yellow 1/6
Floribunda, E.S., 12 ft. Yellow 1/6
Howittii, E.S., 12 ft. Pale yellow 1/6
Longifolia, E.T., 20 ft. Coast Wattle 1/6
Melanoxylon, E.T., 40-60 ft. Blackwood Tree 1/6
Myrtifolia, E.S., 4 ft. Myrtle-leaved Wattle 1/6
Normalis, E.T., 15-20 ft. Queen Wattle 1/6
Podalyriaefolia, E.S., 10 ft. Bright golden flowers 1/6
Prominens, E.S., 12 ft. Golden Rain Wattle 1/6
Pruinosa, E.T., 15 ft. Yellow 1/6
Pycnantha, E.T., 20 ft. Golden Wattle 1/6
Retinoides, E.S., 10-12 ft. Pale yellow 1/6
Saligna, E.T., 15-20 ft. Weeping foliage 1/6
Spectabilis, E.S., 8-10 ft. Golden flowers 1/6
6 Varieties of Wattles, our selection, for 7/6

ACER (The Maple)

- Named Varieties, 5/- to 7/6 each. List on application.
Seedling Plants, from seed saved from excellent varieties 2/6 & 3/6

ACMENA (See Eugenia)

AESCULUS

- Hippocastanum (Horse Chesnut). White 2/6

AGATHEA (Blue Marguerite)

- Coelestis, E.S., 2 ft. Lilac 1/6

AGNOSTUS (See Stenocarpus)

AGONIS (Willow Myrtle)

- Flexuosa, E.T., 30 ft. White 2/-

AILANTHUS (Tree of Heaven)

- Glandulosa, D.T., 20 ft. Foliage tree 2/-

ALLSPICE TREE (see Calycanthus)

ALMONDS, FLOWERING (see Prunus)

ALOYSIA (Lemon-Scented Verbena)

- Citriodora, D.S., 6 ft. Pale purple 1/6 & 2/-

AMELANCHIER (June-berry)

- Canadensis, D.S., 6 ft. White, crimson berries 2/6
Sanguinea, D.S., 8 ft. White, black berries 3/6

AMYGDALUS, Flowering Almonds and Peaches (see Prunus)

ANDROMEDA, Syn. Leucothe & Pieris

- Catesbaei, E.S., 4 ft. White 3/6
Floribunda, E.S., 3 ft. See Coloured Pages. 7/6
Japonica, E.S., 3 ft. White 3/6
Japonica Variegatum. See Coloured Pages.
Paniculata, E.S., 4 ft. Cream 3/6
Speciosa, E.S., 4 ft. See Coloured Pages.

ANGOPHORA

- Lanceolata, E.T., 50-60 ft. Good shelter tree 2/-

ANOPTERUS (Tasmanian Laurel)

- Glandulosus, E.S., 10 ft. Cream flowers 3/6

ARALIA (Syn. Fatsia)

- Papyrifera, E.S., 8 ft. Ornamental plant 2/-
Sieboldii (syn. Japonica), E.S., 3 ft. Ornamental plant; for verandahs, etc. 2/-

ARAUCARIA

- Bidwilli (Bunya Bunya), E.T., 80 ft. 3/6
Excelsa, E.T., 70-100 ft. Norfolk Island Pine 2/6
Imbricata, E.T., 20-30 ft. Monkey Puzzle Tree 3/6

A COMPLETE LIST OF GLADIOLI WILL BE ISSUED IN AUGUST.

SHRUBS AND TREES (Continued).

ARDUINA (Cape Plum)

Grandiflora, E.S., 5 ft. White. A beautiful flowering shrub with white flowers, strongly scented like the Jasmine, and bearing fruit, which, when ripe, has an agreeable sub-acid flavour 2/6

ARONIA (Black Chokeberry)

Melanocarpa, D.S., 5 ft. White, black berries 2/6

ARBUTUS (Strawberry Tree)

Andrachne, E.S., 15 ft. Yellowish-green, fruit red 3/6
Unedo, E.S., 10 ft. (Irish Strawberry), white 1/6 & 2/-

ARUNDO (Great Reed) (see Bambusa)

ASH, ENGLISH (see Fraxinus)

ASH, MOUNTAIN (see Pyrus Aucuparia)

AUCUBA (Japanese Laurel)

Japonica Aurea Variegata, E.S., 4ft. Golden variegated foliage 2/6
Japonica Aurea Marginata, E.S., 4 ft. Foliage margined gold 2/6

AUDIBERTIA

Incana, E.S. Blue flowers in winter 2/6

AZALEAS

Our collection is unsurpassed. Plant in a shaded position and water freely in dry weather 25/- doz.; 2/6
Specimen Plants 3/6, 5/-, 7/6 upwards
(List of varieties and colours on application.)
Kaempferi. Salmon-scarlet 5/-
Ledifolia Narcissiflorum. Heliotrope-mauve 5/- & 7/6

AZARA

Microphylla, E.S., 10-12 ft. Fern-like foliage 2/6

BACKHOUSIA

Myrtifolia, E.S., 10 ft. Red 2/-

BAECKIA

Plicata (see *Mycromyrtus*).
Virgata, E.S., 8 ft. White 2/-

BAMBUSA (Bamboo)

Donax Variegata, E.S., 12 ft. White and green. 2/-
Fortunei Argentea Variegata, E.S., 1 ft. Small leaves, striped with white and green 2/6
Tricolor, E.S., 2 ft. Bright green leaves, striped with creamy white and edged with red . . 2/6

BANKSIA

Verticillata, E.S. Long yellow flowers . . . 2/6

BARLERIA

Cristata, E.S., 3 ft. Rich blue 2/-

BAUERA

Rubioides, E.S., 3 ft. Boronia-like small pink flowers 2/-

BEECH TREE (see Fagus)

BENTHAMIA FRAGIFERA (see Cornus Capitata)

BERBERIS (The Barberry)

Aggregata, E.S., 4 ft. Flowers yellow, coral berries 2/6
Aquifolium, E.S., 4 ft. Yellow, foliage bronzed in Winter 2/6
Brachypoda, D.S., 6 ft. Yellow, berries scarlet 2/6
Darwinii, E.S., 5-6 ft. Orange, recommended as one of our best shrubs 1/6 & 2/-
Delsiana, D.S., 6 ft. Yellow, autumn foliage 2/6
Fortunei, E.S. Yellow, pinnate foliage . . . 2/6
Gilgiana, D.S. Yellow, oblong red berries . 2/6
Sargentiana, E.S., 6 ft. Black berries, Autumn foliage 3/6
Stenophylla, E.S., 5 ft. Bright yellow, shiny foliage 2/6
Subcaulialata, E.S., 4 ft. Bright pink berries 2/6
Thunbergii, D.S., 4 ft. Scarlet berries, Autumn foliage 2/-
Thunbergii Atropurpurea, D.S. Beautiful purple foliage, yellow flowers, purplish-crimson berries. See Coloured Pages.
Vernae, D.S., 3 ft. Yellow flowers and showy berries 2/6
Vulgaris, D.S. Yellow flowers, orange-red berries 2/-
Vulgaris Purpurea, D.S., 4-5 ft. Purple foliage, berries purplish 2/6
Wilsonae, D.S. Yellow flowers, dense crops of coral berries 2/-

BETULA

Alba, D.T., 30 ft. Silver Bark Birch . . 2/- & 3/6
Laciniata. See Coloured Pages.

CINNAMOMUM (Camphor Tree)

- Camphora*, E.T., 25 ft. Handsome tree .. 2/-

CISTUS (Rock Rose)

- Canescens*, E.S., 3 ft. Pink .. 1/6
Crispus, E.S., 2 ft. Pink .. 2/6
Landaniferus, E.S., 4 ft. White, chocolate blotch .. 2/-
Laurifolius, E.S., 4 ft. White .. 2/-

CLERODENDRON

- Fragrans*, E.S., 6 ft. White and red, scented 2/6

CLETHRA (Lily of the Valley Tree)

- Arborea*, E.S., 8 ft. White. The *Arborea* varieties have beautiful Lily-of-the-Valley-like flowers .. 1/6 & 2/-
Arborea Flore Pleno, E.S. See Coloured Pages.
Arborea Variegata, E.S. Flowers white. See Coloured Pages.
Alnifolia, D.S., 4 ft. Creamy white .. 2/6

CLIANTHUS (New Zealand Glory Pea)

- Puniceus*, E.S., 6 ft. Bright scarlet .. 2/-
Puniceus Alba, E.S., 6 ft. White .. 2/-
Puniceus Roseus, E.S., 5 ft. See Coloured Pages .. 3/6

COLEONEMA (see *Diosma*)

COLUTEA (The Bladder Senna)

- Arborescens*, D.S., 6 ft. Bronze-yellow flowers 2/-

CONVOLVULUS

- Cneorum*, E.S., 2 ft. White, tinged pink .. 2/-

COPROSMA

- Baueri*, E.S. (syn. *Lucida*). Glossy foliage .. 1/6
Baueri Picturata, E.S., 6 ft. Green foliage, blotched yellow .. 2/-
Baueri Variegata, E.S., 6 ft. Green foliage, margined creamy white .. 2/-

CORCHORUS (see *Kerria*)

CORDYLINE (*Dracaena*)

- Australis*, E.S., 12 ft. Palm-like plant .. 2/-
Indivisa, E.S., 6 ft. Palm-like foliage; good pot plant .. 2/-

CORNUS (The Dogwood)

- Capitata*, E.S., 10 ft. (syn. *Benthamia Fragifera*) .. 2/-
Kousa, E.S., Foliage colours in Autumn .. 2/6
Mas (syn. *Mascula*), 6 ft. Yellow flowers, red berries .. 2/6
Nigra. See Coloured Pages.
Sanguinea, D.S., 6 ft. Greenish-white flowers, black berries. See Coloured Pages.
Stolonifera, D.S., 8 ft. White berries, red branches .. 2/6

CORONILLA (Scorpion Senna)

- Emerus*, D.S., 5 ft. Yellow .. 2/-

CORREA

- Alba*, E.S., 2 ft. The white-flowered Australian *Fuchsia* .. 1/6

CORYLUS (Purple-leaved Filbert)

- Avellana-atropurpurea*, D.S., 5 ft. Purple foliage .. 2/6

CORYNOCARPUS (N. Z. Laurel)

- Laevigata*, E.S., 12 ft. Green flowers, berries red .. 1/6
Laevigata Variegata, E.S., 12 ft. Handsome foliage .. 3/-

COTONEASTER

- Dielsiana Elegans*, E.S., 6 ft. Coral-red berries 2/6
Franchetii, E.S., 6 ft. Orange-red berries .. 2/-
Frigida, E.S., 15-20 ft. Crimson berries .. 2/6
Horizontalis, E.S. Red berries, fan-like branches .. 2/-
Horizontalis Perpusilla, E.S. Bright red berries .. 2/6
Hupehensis, E.S. Large red berries .. 2/6
Microphylla, E.S., 3 ft. Dull red berries .. 2/-
Pannosa, E.S., 5 ft. Abundance of bright red berries .. 2/-
Praecox, D.S., 1½ ft. Lovely Autumn foliage 2/6
Racemiflora Soongarica, E.S., 4 ft. Red berries, Autumn foliage .. 2/6
Rugosa Henryiana, E.S. Crimson berries in clusters .. 2/6
Serotina, E.S., 6 ft. Sealing-wax-red berries, in clusters .. 2/6
Simonsii, E.S., 4 ft. Bright red berries, Autumn foliage .. 2/-
Wheeleri, E.S., 3 ft. Purplish-red berries .. 2/6

CRATAEGUS (Hawthorn). For Evergreen Varieties see *Pyracantha*.

- Arkansana*, D.S., 12 ft. Crimson flowers, leaves turn yellow .. 3/6
Arnoldiana, D.S. Cherry-like fruit .. 3/6
Canbyi, D.S., 12 ft. Long dark crimson fruit .. 3/6
Carrierei, D.S., 10 ft. White flowers, large red berries in Winter .. 2/6
Cordata, D.S. (Washington Thorn). Flowers white, scarlet berries, Autumn foliage .. 3/6
Durobrivensis, D.S., 12 ft. Bright red berries in Winter .. 3/6

VIBURNUM CARLESII IS WONDERFULLY SWEET-SCENTED.

SHRUBS AND TREES (Continued).

CRATAEGUS (Continued).

Ellwangeriana, D.S., 12 ft. Large crimson fruit	3/6
Mexicana, D.S. Large yellow berries in Winter	2/6
Oxyacantha Coccinea Flore Pleno, D.S. Double crimson	2/-
Oxyacantha, D.S., 12 ft. Double white	2/-
Oxyacantha Punica, D.S. Single scarlet	2/-
Oxyacantha Rosea Flore Pleno, D.S. Double pink	2/-
Persimilis, D.S. Large foliage and bright berries	3/6
Tanacetifolia, D.S. White flowers, large yellow berries	2/6

CRIMSON-FLOWERED GUM (see Eucalyptus Ficifolia)

CROTALARIA (Bird Flower)

Laburnifolia, E.S., 6 ft. Greenish-yellow bird-shaped flowers	2/-
---	-----

CRYPTOMERIA (Japanese Cedar)

Japonica, E.T., 50 ft.	2/6 & 3/6
Japonica Elegans, E.T., 20 ft.	2/6 & 3/6
Japonica Elegans Plumosa, E.T., 15 ft. Soft downy foliage	2/6

CUPHEA (Mexican Cigar Plant)

Jorullensis, E.S., 2 ft. Orange and red	1/6
Platycentra, E.S., 2 ft. Red and black	1/6

CUPRESSUS (The Cypress)

Arizonica, E.T., 30 ft. Glaucous foliage	2/6
Brunniana Aurea, E.T., 12 ft. Golden foliage	3/6 & 5/-
Funebris, E.T., 50 ft. (Chinese Mourning Cypress)	2/6
Goveniana, E.T., 30 ft. A fast growing Californian variety	2/-
Lambertiana Aurea Saligna, E.T., 15 ft. Golden Weeping form	3/6 & 5/-
Lambertiana Horizontalis, E.T., 60-80 ft. True spreading variety	3/-

(See also Hedge Plants.)

Lambertiana Horizontalis Aurea, E.T. Golden Spreading Cypress	3/6
---	-----

(See also Hedge Plants.)

Lambertiana Horizontalis Hodginsii, E.T., 30 ft. Foliage variegated silver with green	3/6 & 5/-
Lawsoniana, 25 ft. A beautiful conifer of pyramidal form	2/- & 2/6
Lawsoniana Albo-variegata, 8 ft. Green and silver variegated foliage	2/6 & 3/6
Lawsoniana Alumii. Handsome blue foliage; pyramidal growth	5/-
Lawsoniana Erecta Viridis, 12 ft. Columnar habit, silver-green foliage	2/6 & 3/6
Lawsoniana Filiformis, 10 ft. Cord-like weeping foliage	3/6 & 5/-
Lawsoniana Lutea, 12 ft. Golden foliage, very handsome tree	3/6 & 5/-
Lawsoniana Triomphe de Boskoop, 15 ft. Bluish foliage of a metallic sheen	3/6
Lusitanica (syn. Glauca or Grey Cypress). Handsome tree	2/6

CUPRESSUS (Continued).

Macrocarpa, 60-80 ft. (syn. Seedling Lambertiana)	9/- doz.; 1/- ea.
Macrocarpa Aurea (syn. Brunniana Aurea). Scotti variegata, 15 ft. Silver variegated foliage. Very handsome small tree	3/6
Sempervirens Stricta, 30 ft. (Roman Cypress)	2/6
Torulosa, 60 ft. Pyramidal growth (see also Hedge Plants)	2/6 & 5/-
Torulosa Aurea, 8 ft. Foliage tipped with gold	3/6

CURRAJONG (See Brachychiton)

CYDONIA (Pyrus Japonica)

Japonica, D.S., 4 ft. Scarlet, the well-known variety	2/-
Japonica Alba, D.S., 5 ft. White	2/-
Japonica Aurora, D.S., 3 ft. Salmon-red ..	2/6
Japonica Columbia, D.S., 3 ft. Orange-red ..	2/6
Japonica Gaujardi, D.S., 4 ft. Rosy red	2/-
Japonica Moerloosii, D.S., 3 ft. Rosy white and carmine	2/-
Japonica Nivalis, D.S., 4 ft. White	2/-
Japonica Pygmea, D.S., 2 ft. Rich salmon ..	3/6
Japonica Rosea, D.S., 5 ft. Rose-pink	2/-
Japonica Salmonea, D.S., 2 ft. Salmon-rose ..	2/6
Japonica Umbilicata, D.S., 4 ft. Rich red ..	2/-
Maulei, D.S., 2 ft. Brick red	2/-
Simonsii, D.S., 2 ft. Dark crimson	3/6
Sanguinea Plena, D.S. Semi-double, red	2/6
Sargentii, D.S., 2 ft. Rich orange-scarlet	2/6

CYTISUS LABURNUM (see Laburnum Vulgare)

CYTISUS (The Broom, see also Genista)

Floribunda, "Lilac-Time," E.S., 4 ft. See Coloured Pages.	
Proliferus (Tree Lucerne), E.S., 8 ft. White	1/-
Scoparius Andreanus (syn. Genista Andreanus) E.S., 4 ft. Crimson and yellow	2/-
Scoparius Andreanus Smithii (syn. Genista Andreanus Smithii), E.S., 4 ft. Bronze and crimson	2/-

DACRYDIUM

Franklinii (Huon Pine), 20 ft.	2/6
-------------------------------------	-----

DAPHNE

Odora Rubra (syn. Indica Rubra), 3 ft. Red and white, perfumed	2/6 & 5/- upwards
--	-------------------

DASYLIRION

Gracilis, E.S., 3 ft. Ornamental plant	2/-
--	-----

DATURA, Trumpet Flower (syn. Brugmansia)

Knightii, E.S., 6 ft. White, sweet-scented ..	2/-
Lutea, E.S., 6 ft. Yellow	2/6
Sanguinea, E.S. Orange-red	2/6

DEERINGA (see Bosea)

DESMODIUM

Penduliflorum, D.S., 5 ft. Purple pea-shaped flowers	2/-
--	-----

KALMIA LATIFOLIA IS A GLORIOUS SHRUB.

SHRUBS AND TREES (Continued).

DEUTZIA

Crenata Candidissima Flore Pleno, D.S., 6 ft. Semi-double white	2/-
Crenata Flore Pleno, D.S., 6 ft. Double white shaded pink	2/-
Crenata Flore Pleno Variegata, D.S., 4 ft. Double white, variegated foliage	2/-
Crenata Magnifica. See Coloured Pages.	
Gracilis, D.S., 2 ft. Single white	2/-
Gracilis Rosea, D.S., 2 ft. Single rose	2/-
Lemoinei, D.S., 3 ft. Single white	2/-
Pride of Rochester, D.S., 4 ft. Double white	2/-
Scabra, D.S., 5 ft. White	2/-
Vilmorinae, D.S., 5 ft. Large white	2/6

DIERVILLA (See Weigela)

DIMORPHOTHECA (Cape Marigold)

Eklonis, E.S., 3 ft. White, purple centre. Very pretty	1/6
--	-----

DIOSMA (The Breath of Heaven)

Album (Coleonema Album), E.S. White 1/6 & 2/-	
Pulchrum, E.S., 3 ft. Fine foliage and small deep pink flowers	1/6

DIPLACUS

Glutinosus, E.S., 4 ft. Orange-coloured flowers	2/-
Puniceus, E.S., 3 ft. Orange-red flowers	2/-
Mrs. A. Scholes, E.S., 3 ft. Deep crimson, like Monkey Musk	2/-

DOMBEYA (Natal Wedding Flower)

Natalensis, E.S., 6 ft. White flowers turning brown	2/6
Spectabilis, E.S., 12 ft. Rose coloured flowers	2/-

DORYANTHES (Queensland Lily)

Excelsa, E.S., 10 ft. Scarlet	2/6
Palmeri, E.S., 10 ft. Red and white	2/6

DRACAENA (See Cordyline)

DURANTA

Ellisia, E.S., 6 ft. Deep lavender flowers	2/-
Plumieri, E.S., 6 ft. Deep blue flowers	2/-
Plumieri Alba, E.S., 6 ft. White flowers	2/-
Plumieri variegata, E.S., 4 ft. Blue, pretty variegated foliage	2/6

EDWARDSIA (See Sophora)

ELAEAGNUS

Japonica Argentea Variegata, E.S., 5 ft. Silver variegated foliage	2/-
--	-----

ELDERBERRY (See Sambucus)

ELMS (See Ulmus)

ELSHOLTZIA

Stauntonii, 4 ft. Pale lilac flowers	2/6
--	-----

ENGLISH ASH (See Fraxinus)

ENGLISH JASMINE (See Jasminum)

ENGLISH OAK (See Quercus)

ERICA (The Heath)

Andromædiflora, E.S., 3 ft. Bright pink ..	2/-
--	-----

ERICA (Continued).

Autumnalis, 3 ft. Rose-pink	2/-
Baccans, 3 ft. Deep rose-pink	2/-
Bowieana, 3 ft. Pure white	2/-
Cavendishii, 3 ft. Bright yellow flowers; dwarf	2/-
Cerinthoides Coronata. Long crimson tube ..	2/-
Charsleyana, 4 ft. White changing to blush pink	2/-
Cruenta, 3 ft. Orange-scarlet	2/-
Empetroides, 3 ft. Pale pink	2/-
Grandinosa, 3 ft. White	2/-
Hentyana, 4 ft. Pale pink	2/-
Hybrida, 3 ft. Red	2/-
Hyemalis, 3 ft. Pink and white	2/-
Intermedia, 4 ft. White	2/-
Jubilee, 4 ft. Rich pink	2/-
Lavender Tubes. A fine Winter flowering variety with lavender-pink flowers	2/-
Linnaeoides, 3 ft. Purplish rose	2/-
Mackinnonian, 3 ft. Purplish rose	2/-
Mammosa. Purplish-crimson	2/-
Melanthera, 4 ft. Purple. The beautiful Winter flowering variety so much sought after for cutting	2/6
Rubens, 2ft. Bright rose	2/-
Roegerminans, 3 ft. Lavender	2/-
Tetralix Alba, 2 ft. White	2/-
Ventricosa, 2 ft. Pink	2/-
Vestita Coccinea, 3 ft. Crimson	2/-
Vulgaris, 2 ft. (Scotch Heather). Purple ..	2/-
Vulgaris White, 2 ft. White Heather	2/-
Webbleyana, 4 ft. Waxy pink	2/-
Wilmoreana. Pink and white	2/-

ERIOSTEMON (Native Waxflower)

Myoporoides (syn. Nerifolium), E.S., 3 ft. Pale pink	2/- & 2/6
Obovalis (Bendigo Wax Flower), E.S. White flushed pink	2/6

ERYTHRINA (The Coral Tree)

Acanthocarpa, D.S., 4 ft. Brilliant scarlet and yellow; a rare variety	5/-
Bidwilli, D.S., 6 ft. See Coloured Pages.	
Crista-galli, D.S., 8 ft. Deep red	2/-
Blakeii, D.S., 6 ft. Dark crimson, beautiful	3/6
Coralloidendron, D.T., 8 ft. Deep scarlet ..	2/6
Humeana, D.S., 8 ft. Scarlet fading to purple	2/6

ESCALLONIA

Edinburgh (syn. Edinensis), E.S., 4 ft. Bright rosy carmine	2/-
Exoniensis, E.S. Flowers creamy pink	1/6
Fretheyii, E.S., 4 ft. Flowers pale pink	2/-
Langleyensis, E.S., 4 ft. Rich red flowers 1/6 & 2/-	
Macrantha, E.S., 4 ft. Coral-red, glassy foliage	1/6 & 2/-
Montevidensis, E.S., 6 ft. White shaded pink	1/6
Organensis, E.S., 5 ft. Bright rose - pink flowers	1/6
Rubra, E.S., 4 ft. Red flowers	1/6

VERONICA IMPERIALIS VARIEGATUM IS A SPLENDID NOVELTY.

SHRUBS AND TREES (Continued).

EUCALYPTUS (Flowering Varieties)

Caesia, 8 ft. Flowers a beautiful pink shade ..	2/6
Calophylla, 30 ft. White flowers	1/6
Calophylla Rosea, 30 ft. Beautiful rose-pink flowers	1/6
Crucis, 15 ft. Bright yellow flowers, silvery foliage	2/6
Eremophylla, 12 ft. Bright yellow flowers ..	2/6
Erythrocorys, 15 ft. Bright scarlet flowers ..	2/6
Erythonema, 8 ft. Rich crimson flowers ..	2/-
Ficifolia, 20ft. The scarlet flowering Gum	1/6; 15/- doz.
Leucoxydon Rosea, 30 ft. Rose-pink flowers ..	1/6
Macrocarpa, 8 ft. Large crimson flowers, shrubby variety	2/6
Platypus, 20 ft. Crimson flowers	2/6
Preissiana, 6 ft. A beautiful lemon-yellow colour	2/6
Pyriformis, 6 ft. Flowers crimson and yellow ..	2/6
Stedmannii. See Coloured Pages.	
Stricklandii, 15 ft. A fine golden yellow flowered variety	2/6
Supulcralis, 15 ft. Flowers yellow; plant of weeping habit	2/-
Tetraptera, 6 ft. Dwarf bushy variety with large scarlet flowers. Suitable for small gardens	2/-
Torquata, 8 ft. Flowers rich orange-scarlet ..	2/6

SHELTER VARIETIES.

Botryoides. One of the quickest growing kinds. Splendid for breakwinds and shelter purposes	9/- doz.; 60/- 100; 1/-
(Special quotations for large quantities.)	
Citriodora, 40 ft. Lemon-scented Gum .. .	1/6
Corynocalyx (Sugar Gum). Very quick growing. Splendid for shelter .. 9/- dz.; 60/- 100; 1/-	
Globulus (Blue Gum), 100 ft. .. 1/6 ea.; 12/- doz.	
Lehmannii, 30 ft. Dense shrubby growth. Splendid for breakwinds	1/6 ea.; 12/- doz.

(List of other Eucalyptus trees on application.)

EUGENIA (Acmena)

Eucalyptoides, E.S., 12 ft. White	2/-
Kingiana, E.T., 12-15 ft. White berry .. 1/6 & 2/-	
Myrtifolia, E.T., 12 ft. Rose coloured berries ..	2/-
Oleosa, E.S., 10 ft. Purplish-blue berries ..	2/-
Smithii (syn. Acmena Floribunda), E.T., 12 ft. Pinkish mauve berries	1/6 & 2/-
Ugni, E.S., 3 ft. White, rose coloured berries ..	2/-
Ventenatii (syn. Acmena Pendula), E.T., 25 ft. Graceful weeping tree with white berries ..	2/-
Cyanocarpa, E.S., 8 ft. Large purple berries. See Coloured Pages.	

EULALIA

Japonica Alba Lineata, E.S., 4 ft. Variegated grass	2/-
--	-----

EUONYMUS (Spindle Tree)

Europaea, D.S., 5 ft. Scarlet berries in Winter ..	2/6
Japonica Latifolius Albus Elegans, E.S., 5 ft. White and green variegated foliage .. .	2/-
Japonica, E.S., 6 ft. Green foliage	2/6

EUONYMUS (Continued).

Japonica Argenteus, E.S., 4 ft. Pale green foliage margined with silver	2/-
Japonica Aureus variegatus, E.S., 4 ft. Green and gold variegated foliage	2/-
Japonica (Duc. d'Anjou), E.S., 4 ft. Green leaves variegated with yellow	2/-
Radicans Variegata, E.S., 4 ft. Silver variegated foliage	2/-

EUPHORBIA (Thorn)

Splendens, E.S. Very thorny, bright red flowers	2/6
Wulfenii, E.S., 3 ft. Greenish-yellow flowers in Winter	2/-

EUTAXIA

Diffusa, E.S., 3 ft. Yellow and orange .. .	1/6
---	-----

EXOCHORDA (Pearl Bush)

Grandiflora, D.S., 6 ft. (syn. Spiraea Gr.) Snow-white flowers	2/-
---	-----

FABIANA

Imbricata, E.S., 5 ft. White Heath-like flowers ..	2/6
--	-----

FAGUS (The Beech)

Cunninghamii, E.T., 30 ft. Native Beech ..	2/6
Sylvatica, D.T., 30 ft. European Beech ..	2/6
Sylvatica Purpurea, D.T., 30 ft. Copper Beech	3/6 & 5/-

FEIJOA

Sellowiana, E.S., 6 ft. Crimson flowers, edible guava-like fruit	2/6
---	-----

FELICIA

Angustifolia, E.S., 2 ft. Daisy-like lilac flowers ..	2/-
Coelestis (See Agathaea).	

FIGUS

Rubiginosa (syn. Australis), E.T. Small leaved variety	2/-
Rubignosa variegata, E.S., 8 ft. Handsome variegated foliage	2/6
Macrophylla (Moreton Bay Fig), E.T. Large leaved variety	2/-

FLAME TREE (See Brachychiton)

FLOWERING ALMOND (See Prunus)

FLOWERING APPLE (See Pyrus-Malus)

FLOWERING CHERRY (See Prunus Serulata)

FLOWERING CURRANT (See Ribes)

FLOWERING GOOSEBERRY (See Ribes Menziesii)

FLOWERING CYPRESS (See Tamarix)

FLOWERING PEACH (See Prunus Persica)

FLOWERING PLUM (See Prunus)

FLOWERING QUINCE (See Cydonia)

WE HAVE SOME VERY FINE PLANTS OF DAPHNE ODORA.

SHRUBS AND TREES (Continued).

FORSYTHIA

- Intermedia Vitellina*, D.S., 4 ft. Rich golden yellow 2/-
Suspensa, D.S., 4 ft. Golden bell-like flowers 2/6
Suspensa Fortunei Aurea, D.S., 4 ft. Rich golden-yellow flowers. Foliage yellow 2/-
Viridissima, D.S., 4 ft. Coppery foliage in Autumn 2/-

FRAXINUS (The Ash)

- Americana*, D.T., 50 ft. White Ash 2/-
Excelsior, D.T., 50 ft. English Ash 2/-
Excelsior Aurea, D.T., 12 ft. Golden Ash, bright golden branches and foliage 3/6
Lanceolata, D.T., 40 ft. Green Ash 2/-
Ornus, D.T., 20 ft. The flowering Ash. White 2/-
Raywoodii. See Coloured Pages.
Velutina, D.T., 40 ft. Recommended for Saline soils 2/6
Xanthoxyloides, D.T., 25 ft. Himalayan Ash 2/6

FUGOSIA (syn. Lagunaria)

- Patersoni*, E.T., 25 ft. Thrives in poor soils. Flowers pink 2/-

GARDENIA

- Florida* (Cape Jasmine), E.S., 2 ft. Double white, sweet-scented 2/6
Thunbergia, E.S., 6 ft. Large single white, sweet-scented 2/6

GARRYA (The Catkin Shrub)

- Elliptica*, E.S., 6 ft. Panicles of pale green flowers in Winter 2/6

GENISTA (The Broom)

- Aetnensis*, E.S., 6 ft. Bright yellow. Foliage pendulous 2/-
Canariensis, E.S., 6 ft. Yellow flowers 2/-
Florida, E.S., 5 ft. (syn. *Fragrans*). Golden yellow, scented 2/-
Monosperma Pendula Alba, E.S., 6 ft. White Weeping Broom 2/-
Tinctoria, E.S., 3 ft. Golden yellow 2/-

GERALDTON WAX PLANT (See Chamaelaucium)

GINKGO (Maiden Hair Tree)

- Biloba* (syn. *Salisburia Adiantifolia*), D.T., 30 ft. Large foliage shaped like Maiden Hair Fern 2/6

GLEDITSCHIA

- Tricanthos*, D.T., 30 ft. Acacia-like foliage and Broad Bean-like pods up to 12 inches in length 2/-

GOLDFUSSIA (syn. Strobilanthes)

- Anisophylla*, E.S., 3 ft. Lavender 2/-

GOMPHOCARPUS (The Swan Plant)

- Fruticosus*, E.S., 3 ft. Flowers blue tinged with violet, followed by Seed Pods resembling Swans 1/6

GOODIA (Salisbury Pea)

- Lotifolia*, E.S., 4 ft. Yellow pea-shaped flowers 2/-

GORDONIA ANOMALA (See Coloured Pages)

GREVILLEA

- Alpina* var. *Dallachiana*, E.S., 3 ft. Red and white 2/-
Asplenifolia, E.S., 6 ft. Crimson 2/6
Hilliana, E.S., 20 ft. White Silky Oak 2/6
Linearis, E.S., 5 ft. Pale lilac 2/6
Robusta, E.S., 40 ft. (Silky Oak). Handsome tree 1/6 ea.; 15/- doz.
Rosmarinifolia, E.S., 4 ft. Red flowers in Winter and Spring 2/-

GUELDER ROSE (See Viburnum)

HABROTHAMNUS

- Elegans*, E.S., 5 ft. Bright red 2/-
Newellii, E.S., 5 ft. Crimson 1/6
Scaber, E.S., 5 ft. Deep crimson 1/6
Splendens, E.S., 5 ft. Crimson 1/6

HAKEA

- Elliptica*, E.S., 10 ft. White 2/-
Laurina (syn. *Eucalyptoides*), E.S., 10 ft. crimson 1/6
Saligna, E.S., 10 ft. White 2/-

HARDENBERGIA (Coral Pea)

- Monophylla*, E.S., 4 ft. Purple 2/-
Monophylla Alba, E.S., 4 ft. White, Winter flowering 1/6
Monophylla Rosea, E.S., 4 ft. Small pink pea-shaped flowers 1/6
 (See also Climbing Plants.)

HEATHS (See Ericas)

HELIOTROPE (Cherry Pie)

- Assorted Shades*, E.S., 3 ft. 1/6

HIBISCUS

- Conqueror*, E.S., 4 ft. Buff-yellow, crimson base 2/6
General Courteges, E.S., 4 ft. Rich scarlet 2/6
Harwoodii, E.S., 4 ft. Single deep rose 2/6
Lambertii, E.S., 4 ft. Double crimson 2/6
Peachblow, E.S., 4 ft. Lovely double pink 2/6
Rosa Sinensis, E.S. Single red 2/-

HIBISCUS SYRIACUS or DECIDUOUS

- Ardens*, D.S., 4 ft. Double pale violet-rose 2/-
Alba Luteus Plenus, D.S., 4 ft. Double creamy white, dark centre 2/-
Alba Plena, D.S., 4 ft. Double white, dark centre 2/-
Boule de Feu, D.S., 4 ft. Double fiery red 2/-
Coelestis, D.S., 4 ft. Single azure blue, extra fine. See Coloured Pages.
De La Veuve, D.S., 4 ft. Single heliotrope 2/-
Leopoldii, D.S., 4 ft. Semi-double carmine 2/-
Monstrosus, D.S., 4 ft. Single flesh, red centre 2/-
Paenaeflorus, D.S., 4 ft. Double deep rose 2/-

BERBERIS THUNBERGIA ATROPURPUREA HAS BEAUTIFUL FOLIAGE.

Pompom Rouge, D.S., 4 ft. Double deep crimson	2/-
Puniceus Plenus, D.S., 4 ft. Semi-double dark rose	2/-
Rubis Fl. Pl., D.S., 4 ft. Double carmine	2/-
Speciosus, D.S., 4 ft. Double violet-red	2/-
Totus Albus, D.S., 4 ft. Single pure white	2/-

HOVEA

Elliptica, E.S., 6 ft. A glorious blue flowering shrub. See Coloured Pages.

HYDRANGEA (China and Japan)

Ajiasai. Rosy blue, has the appearance of a bunch of lilac	2/-
Attraction. Pink	1/-
Avalanche. White	1/-
Amarante. Amaranth blue	2/6
Blue Prince. Blue	2/6
Domotoi. Double pink; very fine	2/- & 2/6
Ecleureur. Carmine-rose	2/6
Elmar. Fringed carmine	2/6
Etincelant. Bright carmine	2/6
Fracheur. White shaded pink	1/-
F. Matthes. Salmon-rose	2/6
Goliath. Lilac-blue	2/6
Gertrude Glahn. Rich pink	2/6
Gudrun. Bright rose-pink	2/6
Germaine Moullere. White	2/6
Ideal. Soft pink	2/6
Krimhild. Bright salmon-rose	2/6
Lancelot. Clear rosy pink	2/6
La Marne. Mauve-blue	2/6
Lorely. Rich carmine-red	2/6
Madame Fouchard. Ruby red	1/6
Mouseline. Pink	1/-
Madame Rene G. Aillard. White shaded pink	1/-
Mariesii. Rose-pink and blue	1/6
Marechal Foch. Blue shaded rose	2/6
Matador. Red	2/6
Neige Orleanise. Giant white	2/6
Neidersachen. Mauve-blue	2/6
Parsival. Red; beautiful fringed primula-like flowers	2/6
Paniculata Grandiflora. White, very fine	2/6
Rhinegold. Apple blossom pink	2/6
Rubis. Red	2/6
Radiant. Small heads of blue flowers	1/6
Satinette. Satiny carmine-red	2/-
Splendor. Salmon-pink	2/6
Triumph. Rich rose-pink	2/6
W. Pfitzer. Violet-blue	2/6
Vicomte de Vibraye. Blue	2/6

COLLECTIONS OF HYDRANGEAS—

12 Older Varieties for	15/-
12 Latest Introductions for	24/-
(Half Collections supplied at the same rates.)	

HYPERICUM

Calycinum, E.S., 1 ft. Yellow, dwarf growth	2/-
Moserianum, E.S., 3 ft. Golden yellow	2/-
Moserianum Tricolor, E.S., 3 ft. Foliage red and white, flowers yellow	2/-

HYPERICUM (Continued).

Patulum Henryii, E.S., 3 ft. Golden yellow, berries blue-black	2/-
---	-----

ILEX (English Holly)

Aquifolium (Common Holly). E.S., 10 ft.	2/-
Aquifolium variegata, E.S., 10 ft. Variegated Holly	2/6

INDIGOFERA

Australis, E.S., 4 ft. Pink	2/-
Decora, D.S., 3 ft. Pretty pink flowers	2/-

IOCHROMA

Grandiflora, E.S., 6 ft. Large pale blue flowers	2/-
Fuchsioides, E.S., 6 ft. Scarlet flowers	2/-
Tubulosum, E.S., 6 ft. Purple flowers	2/-

IRESENE (See Border Plants)

IRISH HEATH (See Menziesia)

IRISH STRAWBERRY TREE (See Arbutus)

ITALIANMAY (See Spiraea)

JACARANDA

Ovalifolia (syn. Mimosaefolia), D.T., 15 ft. Blue flowers, beautiful fern-like foliage	2/-
---	-----

JAPANESE PRIVET (See Ligustrum)

JAPONICA (See Cydonia)

JASMINUM (See Climbing Plants)

JUDAS TREE (See Cercis)

JUNIPERUS (The Juniper)

Cedrus, E.S., 12 ft. Pendulous growth	2/6
Chinensis Aurea, E.S., 6 ft. Golden foliage	3/6
Communis, E.S., 6 ft. Silver foliage	2/6 & 5/-
Prostrata, E.S. Dwarf spreading sorts	2/6
Prostrata Aurea, E.S. Green with golden tips	3/6

JUSTICIA

Rosea, E.S., 3ft. Rose-pink flowers	2/-
--	-----

KALMIA (Mountain Laurel)

Latifolia, E.S., 3 ft. Beautiful pale pink flowers. See Coloured Pages.	
---	--

KERRIA (syn. Corchorus)

Japonica, D.S., 5 ft. Single yellow	2/-
Japonica flore pleno, D.S., 5 ft. Double yellow	2/-

KOELREUTERIA

Paniculata, D.T., 12 ft. Graceful foliage	2/6
--	-----

LABURNUM (Golden Chain)

Vulgare (Cytisus Laburnum), D.S., 15 ft. Yellow	2/-
--	-----

LAGERSTROEMIA (Crepe Myrtle)

Eavesii, D.S., 6 ft. Flowers clear mauve; beautiful. See Coloured Pages.	
Indica, D.S., 10 ft. Bright rose-pink	3/6
Indica Alba, D.S., 6 ft. White	3/6

LAGUNARIA (See Fugosia)

GORDONIA ANOMALA IS A FINE WINTER-FLOWERING SHRUB.

SHRUBS AND TREES (Continued).

LANTANA

Chelsea Gem., D.S., 2 ft. Orange and crimson	1/6
Diadem, D.S., 4 ft. Pink and cream	1/6
Drap D'or, D.S., 4ft. Golden yellow	1/6
Goliath, D.S., 4 ft. Orange and red	1/6
Lutea Superba, D.S., 4 ft. Light yellow	1/6
La Neige, D.S., 3 ft. White	1/6
Minnie Basle, D.S., 4 ft. Lilac	1/6
Magenta Queen, D.S., 4 ft. Magenta and orange	1/6
Multiflora, D.S., 4 ft. Yellow	1/6
Princess Louise, D.S., 4 ft. Crimson and orange	1/6
Sellowiana, D.S., 1 ft. Purple trailing habit	1/6
Snowflake, D.S., 3 ft. White	1/6
Soleil Levant, D.S., 4 ft. White	1/6

LASIANDRA (Tibouchina)

Edwardsii, E.S., 5 ft. Purple	2/-
Edwardsii-Robusta, E.S., 3 ft. Large deep purple	2/-
Grandiflora, E.S., 4 ft. Large deep purple	2/-
Macrantha, E.S., 6 ft. Deep violet	1/6

LAUROCERASUS (The Laurel)

Lusitanica, E.S., 10-12 ft. Portugese Laurel	1/6 & 2/-
Officinalis, E.S., 10-12 ft. English Laurel	1/6

LAURUS

Nobilis, E.S., 8 ft. Sweet Bay	2/-
--------------------------------	-----

LAVANDULA (The Lavender)

Dentata, E.S., 3 ft. Winter flowering	1/6
Munstead Dwarf, E.S., 1 ft.	1/6
Spica, E.S., 2 ft. English Lavender	1/6
Stoechas, E.S., 2 ft. French Lavender	1/6
Vera, E.S., 2 ft. A splendid variety	1/6

LEONOTIS (Lion's Ear)

Leonorus, E.S., 5 ft. Bright orange-scarlet	1/6
---	-----

LEPTOSPERMUM (Native Ti-tree)

Laevigatum, E.S. Coast Ti-tree	1/6
Lanigerum Grandiflorum, E.S., 8 ft. Large white	2/-
Scoparium Alba flore pleno, E.S., 4 ft. Double white	2/6
Scoparium Grandiflorum, E.S., 6 ft. Beautiful large pink flowers	2/-
Scoparium Chapmanni, E.S., 6 ft. Reddish pink	2/-
Scoparium Nicholii, E.S., 5 ft. Crimson	2/-
Scoparium Rosea Flore Pleno, E.S., 4 ft. Double pink	2/6

LESPEDEZA

Bicolor, D.S., 4 ft. Lilac and white pea-shaped flowers	2/-
---	-----

LEUCADENDRON

Argenteum, E.S., 15 ft. (Sth African Silver-leaf Tree)	2/6 & 3/6
--	-----------

LEYCESTERIA

Formosa, E.S., 6 ft. Purple flowers, berries dark red	2/-
---	-----

LHOTSKYA (Snow Myrtle)

Genetylloides, E.S., 3 ft. Star-shaped white flowers	2/6
--	-----

LIBONIA

Floribunda, E.S., 3 ft. Orange and red flowers	1/6
--	-----

LIGUSTRUM (The Privet)

Ibota, E.S., 10 ft. Foliage turns purplish hue in Winter	1/6
Ionandrum, E.S., 6 ft. Compact habit, dense foliage, good for shaping	2/-
Lucidum Tricolor Variegatum, E.S., 6ft. Beautifully variegated foliage	3/6
Lucidum Aureo - Marginatum, E.S., 6 ft. Broad, gold-margined foliage	2/6
Ovalifolium Variegatum, E.S., 5 ft. Californian Variegated Privet	1/6
Sinense Argenteum Variegatum, E.S., 6 ft. Silver and green variegated foliage	2/-
(See Hedge Plants for other varieties.)	

LILAC (See Syringa)

LIPPIA (See Aloysia)

LIQUIDAMBAR (Sweet Gum)

Styraciflua, D.T., 25 ft. Maple-like leaves, turning crimson in Autumn. Very ornamental	2/6 & 3/6
---	-----------

LIRODENDRON (Tulip Tree)

Tulipifera, D.T., 30 ft. Flowers greenish-yellow colour, marked with orange at base	2/6
---	-----

LOMATIA (Native Holly)

Longifolia, E.S., 10 ft. Hardy evergreen shrub	2/6
--	-----

LONICERA (Shrubby Honeysuckle)

Nitida, E.S., 4 ft. Small box-like foliage	1/6
Pileata, E.S., 4 ft. Foliage pale green, light violet berries	2/6
Syringantha, D.S., 4 ft. Fragrant, rosy lilac flowers	2/6
Tatarica, D.S., 6 ft. Creamy and pink flowers	2/-

LUCULIA

Gratissima, E.S., 3 ft. Beautiful evergreen shrub, bearing in the Winter terminal corymbs of rose-pink sweetly-fragrant flowers. See Coloured Pages.	
--	--

LOQUAT (See Eriobotrya)

MACADAMIA (The Queensland Nut)

Ternifolia, E.T., 10 ft. Serrated foliage, edible nuts	2/6
--	-----

MACKAYA (syn. Asystasia)

Bella, E.S., 3 ft. Pale lilac tubular flowers	2/-
---	-----

MAGNOLIA

Conspicua, D.S., 6 ft. Pure white flowers	7/6
Fuscata, E.S., 5 ft. Port Wine Magnolia	2/6 & 3/6
Grandiflora, 18 ft. Scented, wax-like flowers that are very large	2/6 & 3/6
Kobus, D.S., 15 ft. Flowers white, reverse petals pale pink	3/6
Obovata Purpurea, D.S., 6 ft. Rich purple flowers	3/6
Soulangeana, D.S., 12-15 ft. Pinkish flowers, stained purple outside	3/6 & 5/-

MALUS (See Pyrus-Malus)

A SPECIAL LIST OF CHRYSANTHEMUMS IS ISSUED IN SPRING.

SHRUBS AND TREES (Continued).

MAIDENHAIR TREE (See Ginkgo)

MARGUERITE

Mrs. F. Sander, E.S., 3 ft. Large double white	1/6
White, E.S., 3 ft. Large single white	1/6
Yellow, E.S., 3 ft. Single and double	1/6
Pink, E.S., 3 ft. Pale pink	1/6

MELALEUCA (Native Tea Tree Shrub)

Armilaris, E.S., 6-ft. Flowers creamy white	2/-
Ericifolia, E.T., 15 ft. White flowers	2/-
Hypericifolia, E.S., 6 ft. Rich crimson flowers	2/-
Lateritia, E.S., 6 ft. Rich vermilion flowers	2/-
Styphleoides, E.S., 12 ft. Flowers white	1/6 & 2/-
Squamea, E.S., 5 ft. Bright lilac flowers	2/-

MELIA (White Cedar)

Azedarach, D.T., 20 ft. Lilac flowers, yellow berries	2/-
---	-----

MENZIESIA (Irish Heath)

Polifolia, E.S., 2 ft. Purple flowers	2/-
Polifolia Alba, E.S., 2 ft. Pure white	2/-
Polifolia Bicolor, E.S., 2 ft. Purple and white	2/-

METROSIDEROS (New Zealand Rata)

Tomentosa, E.S., 10 ft. Brilliant scarlet flowers	2/-
Lucida, E.S., 10 ft. Dark red flowers	2/-

MICROMYRTUS (Rock Myrtle)

Microphylla (syn. Baeckia Plicata), E.S., 2 ft. Tiny pale pink flowers deepening to rich crimson as they age	2/6
--	-----

MOCK ORANGE (See Philadelphus)

MONTANOA (syn. Montagnea)

Grandiflora, E.S., 5 ft. White flowers in Winter	2/6
--	-----

MORETON BAY FIG (See Ficus)

MYOPORUM (Bubialo)

Lætum, E.S., 8 ft. Thrives on the poorest soils	2/-
---	-----

MYRICA (Candleberry Myrtle)

Nagi, 6 ft. Greenish flowers	2/-
------------------------------	-----

MYRTUS (The Myrtle)

Communis, E.S., 4 ft. White, black berries	2/-
Communis Variegata, E.S., 3 ft. Silver and green foliage	2/-

NANDINA (Sacred Bamboo of Japan)

Domestica, E.S., 6 ft. Handsome metallic-shaded foliage. A fine pot or verandah plant	2/6
---	-----

NERIUM (The Oleander)

Delphine, E.S., 5 ft. Crimson	1/6
Dr. Golfin, E.S., 6 ft. Single deep rosy red	2/-
Luteum Plenum, E.S., 6 ft. Semi-double, creamy-yellow flowers	2/-
Madonna Grandiflora, E.S., 6 ft. Semi-double, pure white	2/-
Monsieur Belaguier, E.S., 6 ft. Single, clear pink	2/-
Mrs. F. Roeding, E.S., 6 ft. Semi-double, salmon-pink	2/-

NERIUM (Oleander). Continued.

Professor Martin, E.S., 5 ft. Single crimson	1/6
Punctatum, E.S., 6 ft. Single, pink	2/-
Splendens Grandiflorum, E.S., 6 ft. Double, deep rose-pink	2/-
Splendens Variegatum, E.S., 6 ft. Striped green and gold foliage, pink flowers	2/6
Souvenir de C. Allut, E.S., 6 ft. Single, dark crimson	2/-

NEVIUSIA

Alabamensis, E.S., 4 ft. White flowers	2/-
--	-----

NEW ZEALAND FLAX (See Phormium)

N. ZEALAND LAUREL (See Corynocarpus)

NORFOLK ISLAND PINE (See Araucaria)

OCHNA

Multiflora, E.S., 3 ft. Yellow flowers, dark berries	2/6
--	-----

OLEANDER (See Nerium)

OLEA

Ilicifolia, E.S., 8 ft. Holly-leaved Olea	2/6
---	-----

OLEARIA

Gunniana, E.S., 6 ft. Creamy white flowers, golden centre	2/-
Fosterii, E.S., 6 ft. White flowers	2/-

OLIVE (See Olea)

ORIENTAL PLANE (See Platanus)

OSMANTHUS

Ilicifolius, E.S., 6 ft. Holly-like foliage, white flowers	2/-
--	-----

OTHONNA

Athanasiae, E.S., 3 ft. Golden yellow Marguerite flowers in Winter	1/6
--	-----

PAEONIA

Arborea, D.S., 3 ft. Moutan (Tree Paeonies). Stock limited. We can supply the following colours:— Rosy lilac, lilac, salmon-rose, bright rose, flesh rose, pale rose, purplish-violet, carmine, salmon-rose and violet, deep maroon, white frilled rose	5/-
Lutea. See Coloured Pages.	

PALMS (See Special List)

PANAX

Arborea, E.T., 20 ft.	2/6
-----------------------	-----

PAULOWNIA

Tomentosa (syn. Imperialis), 15 ft. Pale blue gloxinia-like flowers	3/6
---	-----

PAVONIA

Coccinea, E.S., 6 ft. Bright scarlet flowers	1/6
--	-----

PEACHES (Double Flowering). (See Prunus Persica)

PEPPER TREE (See Schinus Molle)

PERNETTYA

Mucronata, 3 ft. White flowers, bright berries in Winter	2/6
--	-----

CYTISUS "LILAC-TIME" PRODUCES A MASS OF BLOOM.

SHRUBS AND TREES (Continued).

PEROWSKIA

Atriplicifolia, E.S. Lavender-blue salvia-like flowers, fragrant foliage 2/6

PHILADELPHUS (Mock Orange Blossom)

Avalanche, D.S., 4 ft. White fragrant flowers 2/6
Boule d'Argent, D.S., 3 ft. Double white flowers 2/-
Coronarius, D.S., 5 ft. Orange perfumed . . 2/-
Coronarius Aureus, D.S., 4 ft. Showy golden foliage, flowers white 2/-
Gordonianus, D.S., 5 ft. Large white . . . 1/-
Grandiflorus, D.S. Large white flowers . . . 2/-
Lemoinei Erectus, D.S., 5 ft. White . . . 1/6
Mexicanus, E.S., 3 ft. Creamy white perfumed flowers ;an evergreen variety 2/-
Multiflorus Plenus, D.S. Sweet-scented double white flowers 1/6
Norma, D.S., 4 ft. Large single perfumed flowers 2/6
Rosace, D.S., 4 ft. Creamy white sweetly scented flowers 2/6
Virginal, D.S., 5 ft. Very large semi-double pure white flowers, beautiful. See Coloured Pages.

PHORMIUM (N.Z. Flax)

Tenax, E.S., 6 ft. The commercial variety . . 1/6
Tenax variegata, E.S., 6 ft. Handsome foliage 2/-

PHOTINIA (Chinese Hawthorn)

Serrulata, E.S., 10 ft. Panicles of white flowers, foliage turns crimson in winter 2/-

PHYTOLACCA

Dioica, D.T., 20 ft. Fast growing tree with large foliage; suitable for dry districts . . . 2/-

PINUS (The Pine)

Halepensis, E.T., 40 ft. (Aleppo Pine). Good coast tree 2/-
Insignis, E.T. Good shelter tree . . 12/- doz.; 1/6
Pinaster, E.T. 50 ft. (Syn. *Maritima*). Good coast tree 2/-

PISONIA

Grandis, E.S., 10 ft. White 2/-

PITTOSPORUM

Crassifolium, E.S., 10 ft. Flowers brownish-purple; good coast plant 2/-
Eugenoides, E.S., 10 ft. Good hedge plant . . 1/6
Eugenoides variegatum, E.S., 8 ft. Pale green foliage bordered with silvery white 2/6
Nigrescens, E.S., 8 ft. The small - leaved variety 1/6; 12/- doz.
Nigrescens Argenteum variegatum, E.S., 8 ft. Very pretty, small variegated leaves . . . 3/-
Rhombifolium, E.S., 8 ft. Upright clusters of orange-yellow berries which remain till the winter 2/6
Tobira, E.S., 6 ft. White, sweet-scented flowers 2/-
Tobira variegatum, E.S., 8 ft. Fragrant white flowers and pretty variegated foliage . . . 2/6
Undulatum, E.S., 8 ft. Creamy flowers, sweetly scented 12/- doz.; 1/6

PITTOSPORUM (Continued).

Undulatum Argenteum variegatum, E.S., 8 ft. The leaves are splashed and striped with white 2/6

PLATANUS (Oriental Plane)

Orientalis, D.T., 30 ft. Favorite tree for street planting 2/6

PLECTRANTHUS (Flowering Coleus)

Ecklonii, E.S., 3 ft. Pretty pale blue flowers . . 2/6

PLUMBAGO

Capensis, E.S., 5 ft. Pretty pale blue flowers 1/6
Capensis Alba, E.S., 5 ft. White flowers . . . 1/6

PODALYRIA

Calyptrata Grandiflora, E.S., 6 ft. Large mauve-pink pea-shaped flowers; a splendid shrub 2/-
Sericea, E.S., 4 ft. Silvery foliage, pretty small bright pink pea-shaped flowers in early winter 2/-

PODOCARPUS

Spinulosa, E.S., 8-10 ft. Illawarra Pine . . . 1/6
Totara, E.S., 10 ft. A New Zealand variety . . 1/6

POINCIANA (Bird of Paradise Flower)

Gilliesii, D.S., 6 ft. Yellow with long scarlet stamens 2/-

POINSETTIA

Pulcherrima, D.S., 5 ft. Vivid scarlet bracts surround the small yellow flowers 2/6

POLYGALA (Milk Wort)

Grandiflora, E.S., 6 ft. Purple pea-shaped flowers in winter 2/6

POMEGRANATE (See Punica)

POPULUS (The Poplar)

Alba, D.T., 40 ft. The silver poplar 2/6
Alba Bolleana, D.T., 40 ft. Improved silver poplar 2/6
Canadensis Aurea, D.T., 40 ft. The Golden poplar 2/6
Deltoides, D.T., 40 ft. Large bright green leaves, veins rich red 3/6
Dilitata (syn. *Pyramidalis*), H.T., 40 ft. Lombardy or upright poplar 2/-
Monilifera, D.T., 40 ft. The spreading poplar 2/6

PROSTANTHERA (Native Mint Bush)

Melissifolia, E.S., 6 ft. Violet flowers 2/-
Rotundifolia, E.S., 4 ft. Violet flowers . . . 2/-
Sieberi, E.S., 3 ft. Light violet flowers 2/-

PROTEA (Cape Honeysuckle)

Mellifera, E.S., 15 ft. Large pink flowers 1/6 & 2/6
Susanne, E.S., 6 ft. Red flowers freely produced. See Coloured Pages.

PRUNUS AMYGDALUS (Flowering Almonds)

Lady Lyle, 8 ft. Beautiful large single pale pink flowers 2/-
Pollardii, 15 ft. Flowers a lovely shade of rose-pink 2/-

ERYNGIUM VIOLETTA IS BOTH NOVEL AND PRETTY.

SHRUBS AND TREES (Continued).

PRUNUS (Flowering Plums)

- Blireiana Flore Pleno, D.S., 8 ft. Double rich pink flowers and metallic foliage 2/-
Moserii Flore Pleno, D.S., 8 ft. Double light pink flowers and metallic foliage 2/-
Mume Rosea, D.S., 10 ft. Semi-double bright pink winter flowering 2/-
Mume Alba, D.S., 10 ft. White flowers in winter 2/-
Mume Splendens, D.S., 10 ft. Deep pink, winter flowering 2/-
Pissardi, D.S., 15 ft. Single white flowers; metallic foliage 2/-
Pissardi Nigra, D.S., 15 ft. Flowers blush pink; foliage purple 2/-
Sinensis Alba Flore Pleno, D.S., 4 ft. Small double white flowers 2/-
Sinensis Rosea Flore Pleno, D.S., 5 ft. Small double pink flowers 2/-
Spinosa Purpurea, D.S., 8 ft. Flowers white, foliage dark 2/-
Triloba, D.S., 5 ft. Double deep rose-pink flowers 2/-
Vesuvius, D.S., 15 ft. White flowers. rich purple foliage 2/-

PRUNUS PERSICA (Flowering Peaches)

- Atropurpurea, D.S., 12 ft. Purple leaved peach, single pink flowers 2/6
Double Crimson, D.S., 15 ft. Double rich carmine-crimson flowers 2/-
Double Pink, D.S., 15 ft. Bright double pink flowers 2/-
Double White, D.S., 15 ft. Purest white 2/-
New Early Red, D.S., 15 ft. A new variety which opens its crimson flowers about four weeks before other Flowering Peaches. See Coloured Pages.
Versicolor, D.S., 15 ft. Double white flowers blotched and striped with pink 2/-

PRUNUS SERRULATA (Japanese Flowering Cherries)

- Alba Rosea, D.S., 12 ft. Double pink shading to white 3/-
Fugenzo, D.S., 12 ft. Extremely dark pink, almost red; double flowers 3/-
Gioiko, D.S., 12 ft. Greenish shade, flowers double 3/-
Mt. Fuji, D.S., 12 ft. Large semi-double pure white flowers 3/-
New Red, D.S., 12 ft. Deep carmine-red flowers, double 3/-
Veitchii, D.S., 12 ft. Double deep rose-pink flowers 3/-

PSIDIUM (Guava)

- Cattleianum, E.S., 6 ft. A fruiting shrub that should be more largely grown. The purple edible fruit (about the size of a small plum) is borne in great profusion on healthy looking laurel-like bushes. Will grow anywhere
Yellow Fruited, E.S., 6 ft. Requires a warm climate 2/-

PUNICA (Pomegranate)

- Granatum, D.S., 8 ft. The edible pomegranate, flowers single scarlet 2/-
Granatum Alba, Fl. Pl., D.S., 6 ft. Double white flowers 2/-
Granatum Flore Pleno, D. S. 6 ft. Double scarlet flowers 2/-
Granatum Nana Flore Pleno, D.S., 8 ft. Double scarlet flowers 2/-
Granatum Legrelli, D.S., 6 ft. Flowers single buff coloured; quite distinct 2/-

PUSSY WILLOW (See Salix)

PYRAMID TREE (See Fugosia)

PYRACANTHA (The Evergreen Hawthorn)

- Angustifolia, E.S., 8 ft. Produces masses of orange coloured berries 2/-
Coccinea (syn. Crataegus Pyracantha), E.S., 8 ft. Orange-yellow berries 2/-
Crenulata (syn. Crataegus Crenulata), E.S., 8 ft. White flowers, followed by masses of small scarlet berries 1/6 & 2/-
Rogersiana Flava, E.S., 5 ft. Golden yellow berries 2/6
Yunnanensis, E.S., 6 ft. Small scarlet berries 2/6

PYRUS (syn. Sorbus). (Mountain Ash)

- Americana, D.T., 20 ft. Flowers white, red berries in Autumn 2/6
Acuparia, D.T., 25 ft. The popular Rowan Tree; produces clusters of red berries 2/6
Acuparia Fructu lutea, D.T., 20 ft. Produces clusters of bright yellow berries 2/6
Vestita (syn. Magnifica), D.T., 10 ft. Scarlet berries in Autumn 3/6

PYRUS-MALUS (Flowering Apples or Crabs)

- Aldenhamensis, D.T., 12 ft. Rich bronze foliage. Wine-crimson, semi-double flowers, followed by small purple fruit 3/6
Angustifolia Flore Pleno, D.S., 8 ft. Large, double pale pink flowers 3/6
Aurea, D.S., 8 ft. Foliage shaded gold 2/6
Eleyii, D.S., 8 ft. Foliage reddish-purple, red flowers and fruit similar to Morella Cherries 3/6
Elise Rathke, D.S., 8 ft. The Weeping Apple. Flowers single pink. Dwarf Plants, 2/6; Standards, 7/6. 2/6
Floribunda, D.S., 8 ft. Flowers rosy red in bud stage, opening to a delicate pink; small yellow fruit 2/6
Floribunda Atrosanguinea, D.T. Plants of pendulous habit; carmine-red flowers.
Floribunda Purpurea, D.S., 12 ft. Purple-rose flowers, followed by purplish-crimson small fruit in great profusion 2/-
Parkmannii Flore Pleno (syn. Halliana), D.S., 6 ft. A beautiful variety; carmine buds opening to semi-double pink flowers. See Coloured Pages.
Niedzwetzkyana, D.S., 10 ft. Purple foliage. Purplish flowers and fruit which is about the size of a plum 3/6

SHRUBS AND TREES (Continued).

PYRUS MALUS (Continued).

- Sargentii*, D.S., 6 ft. Abundance of white flowers, followed by tiny wax-like fruit 7/6
- Schiedeackeri*, D.S., 15 ft. Pink flowers similar to "Spectabilis" 2/-
- Spectabilis*, D.S., 10 ft. Semi-double pink flowers, freely produced 2/-
- Coral*, D.S., 8 ft. Small yellow fruit flushed vermilion, of excellent eating quality. A first class variety 3/6

QUEENSLAND NUT (See Macadamia)

QUERCUS (The Oak)

- Coccinea Splendens*. See Coloured Pages.
- Ilex*, E.T., 60 ft. The Holly Oak, thrives anywhere 2/6
- Lusitanica*, E.T., 40 ft. Evergreen Oak 2/6
- Palustris*, D.T., 50 ft. Known as the scarlet Oak 2/6 to 5/-
- Robur*, D.T., 50 ft. The English Oak 2/6
- Rubra*, 40 ft. Foliage turns scarlet in the Autumn 2/6

RAPHIOLEPSIS (Indian Hawthorn)

- Ovata* (syn. *Japonica*), E.S., 4 ft. Clusters of fragrant white flowers, followed by black berries, grows anywhere 1/6

RED TI-TREE (See Leptospermum)

RETINOSPORA

- Ericoides*, E.S., 5 ft. Growth dwarf, foliage turns reddish-bronze in Winter 2/6 & 3/6
- Obtusa*, E.S., 20 ft. Frond-like dark green branches 2/6
- Obtusa Crippsii*, 15 ft. Richly coloured golden foliage 3/6 & 7/6
- Obtusa Nana Aurea*, 8 ft. Beautiful golden foliage 3/6
- Leptoclada*, 8 ft. Silvery-grey foliage 3/6
- Filifera*, 8 ft. Pendulous thread-like foliage 2/6
- Squarrosa*, 8 ft. Feathery silver foliage 2/6 & 3/6
- Plumosa*, 8 ft. Feathery plume-like foliage 2/6 & 5/-
- Plumosa Argentea*, 8 ft. Foliage tipped white 2/6 & 3/6
- Plumosa Aurea*, 8 ft. Foliage tipped golden yellow 3/6 & 5/-
- Squarrosa Sewellii*, 5 ft. Foliage bronze in Winter 3/6 & 5/-

RHAMNUS (Buckthorn)

- Alaternus variegata*, E.S., 6 ft. Leaves margined creamy-white 2/-

RHODODENDRONS

- Fastuosum Flore Pleno*. Double lavender 5/-
- Fragrantissima*. Very large single white sweet scented flowers 3/6 & 5/-
- Gauntlettii*. Rich pink in the bud, opening pure white 7/6 & 10/6
- Pink Pearl*. Immense trusses of large pink flowers. See Coloured Pages.
- Ponticum Variegatum*. See Coloured Pages.
- Praecox*. Rosy lilac 5/-, 7/6 & 10/6
- Sir Robert Peel*. Rich crimson-carmine 5/-
- We can supply about 24 Rhododendrons other than those listed. Splendid Varieties. Price from 3/6 to 21/-. List on application.

RHODOTYPOS

- Kerrioides*, D.S., 4 ft. White flowers and black berries 2/6

RHUS (Sumach)

- Succedanea*, D.S., 8 ft. A glorious Autumn foliated plant 2/-
- Typhina Laciniata*, D.S., 4 ft. Foliage brilliant red in Autumn 2/6

RIBES (Flowering Currant)

- Alpinum Aureum*, D.S., 3-5 ft. Bright golden foliage 2/-
- Aureum*, D.S., 4 ft. Flowers yellow, red Autumn foliage 2/-
- Gordonianum*, D.S., 5 ft. Flowers bronzy-yellow tinged red 2/-
- Menziesii*, D.S., 3 ft. Flowers red, chocolate and white 2/-
- Sanguineum*, D.S., 4 ft. The red flowering Currant 2/-

ROBINIA (The Locust Tree)

- Hispida Rosea*, D.T., 6 ft. The rose-pink flowers are produced in pendulous racemes like "Wistaria" 2/6 & 3/6
- Kelsevii*, D.S., 6ft. Flowers violaceous rose in Wistaria-like racemes 3/6
- Pseudacacia*, D.T., 20 ft. White flowers in Spring 2/-
- Pseudacacia, Aurea*, D.T., 15 ft. Foliage golden yellow 2/6

ROMNEYA (Californian Tree Poppy)

- Trichocalyx*, E.S., 4 ft. Large white crinkled petals and golden anthers. One of the best shrubs in cultivation 2/-

RONDELETIA

- Anomala*, E.S., 3 ft. Attractive Bouvardia-like coral-red flowers 2/-

ROSEMARY (See Rosemarinus)

ROSES (See Rose Catalogue)

ROSEMARINUS

- Officinalis*, E.S., 2 ft. The common Rosemary 1/6

ROWAN TREE (See Pyrus-Aucuparia)

ROYENA

- Lucida*, E.S., 8 ft. White flowers, bright green leaves 1/6

RUSCUS

- Aculeatus*, E.S., 6 ft. Box Holly, large red berries 2/6

SALISBURIA (See Ginkgo)

SALIX (The Willow)

- Babylonica*, D.T., 30 ft. The common Weeping Willow 1/6
- Coerulea*, D.T., 25 ft. The Cricket Bat Willow 2/-
- Multinervis*, D.T., 10 ft. A distinctive Chinese Pussy Willow; its greyish flowers or pussies which are good for cutting are produced early in the Spring 2/6

DEUTZIA CRENATA MAGNIFICA IS HIGHLY RECOMMENDED.

New and other Plants of Special Merit

NEW FLOWERING EUCALYPTUS—"STEDMANNII."

All lovers of our Australian Flora will welcome this new variety of Flowering Gum. The flowers are golden yellow, while the operculum or cap is a beautiful red shade. The showy flowers are nicely arranged on the ends of the graceful branches. The tree grows to an average height of about 15 to 20 ft.; it is very symmetrical and quite distinct in character, the foliage being long and narrow, and has a conspicuous lustre. The bark of the tree is almost red, and shines as if polished, and whilst most barks peel off longways, this species sheds its bark in circles. Its symmetrical habit of growth combined with its handsome flowers and graceful lustrous foliage makes it well adapted for the Home Garden. The description given is that of our Western Australian Collector who discovered this tree, and in answer to our request for a photograph wrote as follows:—

"I am sorry that I did not get a photograph of this tree. In these far away journeys from place to place, it is not easy at times to get all that one wishes, as there is a good deal of walking to be done, and there are many needy necessities to carry, such as goods, specimens, seeds and water. At the particular spot where this tree was located, the heat ranges around 112 degrees in the shade, but at night the cold winds seem to go right through one, even in the middle of Summer. It is not likely that I shall be in that locality in the near future, as the nearest point the railway goes is over 250 miles away."

The foregoing will give an idea of the difficulty our collector has in procuring seeds in these unpopulated parts of Australia. When our present stock of plants is exhausted, a further supply is dependent on more seed being procurable. Plants obtainable from September, 1931. Price 2/6 each.

NEW WINTER FLOWERING PERENNIAL, AGERATUM, HEAVENLY BLUE.

Everyone should grow this fine Ageratum as it produces its handsome fluffy mauve-blue flowers in great profusion during a season when flowers for cutting are at a premium. The flowers last well and can be cut with long stems. Price 9d. each; 7/6 doz

AZALEA MAGNIFICA.

Azaleas are among our most beautiful garden plants, and can be successfully grown, provided that they can be planted in a position shaded from the hot sunshine and grown in soil that is free from lime. Magnifica is an extra fine variety, the white tinted lilac flowers are of large size and sweetly scented. Price 3/6 and 5/- each.

ASTILBE (Meadow Sweet).

FILIPENDULA.—A rare variety that produces soft double creamy-white flowers in clusters. 1/6 each.
GRANAT.—Dark crimson-red flowers, borne on strong stems. Quite a new colour in these plants. 2/- each.

HYACINTH.—Clear lilac flowers in profusion, on erect stems. 2/- each.

ANDROMEDA SPECIOSA.

Andromedas, with their sprays of pretty bell-shaped Lily-of-the-Valley like flowers, are always delightful. This new variety we offer is especially fine, the flowers being white with brown anthers. Andromedas like a shaded position like that recommended for growing the Kalmia. Price 5/-, 7/6, 15/-.

ANDROMEDA JAPONICA VARIEGATUM.

Andromedas are a most desirable class of plants, and deservedly so, as their beautiful Lily-of-the-Valley-like flowers, produced in beautiful racemes, are delightful. This new variety, which possesses all the fine qualities of the plain leaved variety has the extra charm of having beautifully variegated foliage, each leaf being margined with cream, the foliage leaves being plentiful and produced in whorls, the plant itself being most ornamental at all times. Unfortunately this delightful dwarf shrub, which grows to a height of about 3 ft., cannot be recommended for positions exposed to hot sunshine. They do best in the cool mountain districts or on the shaded side of a dwelling in a similar position to that which suits Rhododendrons, or can be grown as a pot plant and protected from the hot sunshine. Price 5/-.

ANDROMEDA FLORIBUNDA.

A glorious variety of this popular plant, requiring the same treatment as that recommended for growing the variegated variety. The plant is also known as *Pieris floribunda*, and differs from the Japonica type by the shape of its deep green foliage and large pendulous racemes and individual size of its glorious bell-shaped pure white wax-like flowers. Price 7/6 each.

NEW AND OTHER PLANTS OF SPECIAL MERIT (Continued).

BERBERIS THUNBERGIA ATROPURPUREA.

This beautiful new variety will become one of the most popular garden plants where permanent colouring is desired, either as single specimen plants or for dwarf hedges. We have numerous plants that produce by the colour of their foliage in the Autumn pretty effects, but this new Berberis displays its deep purple red foliage through the Spring and Summer, and as the weather becomes colder the colours are intensified, rich crimson with shadings of orange appear. The plants produce panicles of small yellow flowers, followed by purplish crimson berries that remain on the bushes for a long time. We anticipate a large demand for this new shrub, and as the supply is limited we advise early ordering. **3/6 each.**

BETULA LACINIATA (Cut Leaf Birch).

A beautiful variety of this ornamental tree, the foliage being cut or feathered at the edges. **Price 17/6 each.**

BETULA (Birch), YOUNG'S WEeping VARIETY.

This is a very handsome rare weeping variety which makes a delightful specimen tree for a lawn. **Price 17/6 each.**

BETULA (The Birch).

PURPUREA.—The purple-leaved Birch. A handsome small tree. The rich purple foliage retains its colour throughout the season. **Price 15/- each.**

LARGE-FLOWERING CLEMATIS.

The Clematis is among the finest of our climbing plants. They prefer a position shaded from the north winds. Their large saucer-like blooms are always admired; they are splendid for Florist's work, and for floating in bowls of water they are unsurpassed.

PEARL de AZUR.—A beautiful azure blue with a pearly sheen. **5/-.**

PRINCE OF WALES.—A deep bluish-mauve with a satiny surface. **5/-.**

MARCEL MOSER.—Mauve-violet with a distinct red bar. **5/-.**

MRS. BATEMAN.—Cream with yellow bar. **5/-.**

JACKMANNI ALBA.—A fine pure white variety. **5/-.**

CLEMATIS MONTANA RUBENS.

This is a very vigorous growing climber. The flowers are much smaller than the foregoing large-flowered type, but what is lacking in size is compensated for by the dense masses of beautiful rose-pink flowers that are produced. **Price 3/6 each.**

CRATAEGUS CORDATA (The Washington Thorn).

This is a distinct variety of these favourite berry producing shrubs. The sprays of white flowers are followed by red berries that are about the same size as the popular Crataegus Crenulata, but the outstanding feature of this variety is that the heart-shaped serrated foliage turns to brilliant shades of colour in the Autumn. **Price 3/6 each.**

CLETHRA ARBOREA FLORE PLENO (The double Lily of the Valley Bush).

This new double form of the Lily of the Valley bush is a welcome addition, and no doubt will become very popular. Its attractive fully double waxy-white flowers are produced in pendulous racemes, otherwise the growth and habit is similar to the single variety. **Price 3/6 each.**

CEANOTHUS EDWARDSII

A new hybrid variety of special merit with small shiny foliage and flowers of a bright blue colour. This variety is a welcome addition to this class of shrub which of late has become so popular. **Price 3/6 each.**

CLIANTHUS PUNICEUS ROSEUS

A pink variety of the New Zealand Glory Pea. Very few plants are easier to grow than the shrubby varieties of Clianthus. They are equally useful to grow in bush form as they are to train against a wall or fence. This new variety is a rose-pink colour, and appears to be as hardy as the older varieties, but the young plants must be protected from Snails and Slugs, which are very partial to the young foliage. **Plants 3/6 each.**

CYTISUS (The Broom) FLORIBUNDA "LILAC-TIME."

A quick and vigorous-growing broom which forms a dense twiggy growth that is literally covered with small pea-shaped flowers of a lilac-pink shade of colour. Its flowering period is not so long as some varieties of Brooms, but its distinctive colour and free flowering propensities makes it a welcome addition to this favourite class of shrubs. **Price 2/- and 3/6 each.**

CERATOSTIGMA WILMOTTIAE.

This is a beautiful dwarf-growing shrub reaching a height of about 2 to 4 ft. It produces clusters of deep sky-blue flowers which are produced over a long season. When known this new shrub should be in great demand, as the blue colour of its flowers is so attractive. **Price 2/6 each.**

NEW AND OTHER PLANTS OF SPECIAL MERIT (Continued).

CHAMAELAUCIUM (The Geraldton Wax Plant). New Red.

There are few shrubs that are more popular than the well-known pink variety of Geraldton Wax Plant. Now we have pleasure in offering this new variety which is similar in every way to the old sort except in colour, which is red. They are very easy to cultivate, but resent being disturbed when once established. Stock limited. Price 5/- and 7/6 each.

CLETHRA ARBOREA VARIEGATUM (The variegated Lily of the Valley Bush).

Clethra Arborea, commonly known as the Lily of the Valley Bush, is undoubtedly one of the most popular shrubs that we possess. It certainly deserves its popularity, as its handsome foliage and racemes of pretty Lily-of-the-Valley-like white flowers are always attractive. Now we have pleasure in offering a variegated leaved variety that produces flowers similar to the original variety. The variegation is very irregular; on some leaves the top half of the leaf is variegated with a silvery cream colour, on others the main vein is the dividing line between the green and cream variegation. Others have a mottling of cream and green, while other leaves show decided markings of pink, whilst some leaves are plain green. Unfortunately our stock of this new variety is very limited. Price 5/- each.

CORNUS (The Dogwood).

The Dogwoods are hardy shrubs that thrive in good deep moist soil. They are noted for their Autumn coloured foliage and attractive flowers and fruits.

NIGRA.—Very highly coloured foliage in the Autumn. Large Plants 5/- each.

SANGUINEA.—Greenish white flowers, followed by black fruit in large clusters. Foliage turns brilliant red in the Autumn. Large Plants 5/- each.

CAMELLIA, THE CZAR.

We are fortunate in being able to offer a limited number of this beautiful Camellia that is always scarce. The large, crinkled, single carmine-rose flowers have broad wavy petals. The flowers are enhanced by their golden centres, composed of numerous stamens. Price 12/6 each.

CYDONIA (Flowering Quince) SIMONII.

The Cydonias or Flowering Quinces are general favorites with the gardening public, and the one we now offer is of rather dwarf growth and has rich blood-red wax-like flowers that are freely produced over a long period. Price 3/6 each.

DELPHINIUM, "CLIVEDEN BEAUTY."

This is an improved Belladonna type. The perennial plants produce numerous spikes of lovely azure blue flowers on comparatively thin strong stems, the habit of growth being quite different from the ordinary hybrid varieties that produce large main spikes of flowers. Owing to its lightness it is more useful for the ordinary class of decoration. Strong Flowering Crowns. Price 1/6 each; 15/- dozen.

DELPHINIUM, BELLAMOSUM.

This variety is of the same habit of growth as "Cliveden Beauty," but the flowers are of a deep blue colour. Strong Flowering Crowns. Price 1/6 each; 15/- dozen.

DEUTZIA CRENATA MAGNIFICA.

A beautiful new Deutzia, producing in great profusion double white flowers one inch in diameter that have the appearance of small pure white roses. The plants are of vigorous growth, and the flowers cover the branches all over. Height, between 4 and 5 ft. Plants 3/6 each. We have a limited number of specimen plants about 3 ft. high, price 7/6 each.

ERYTHRINA (Coral Tree) BIDWILLII.

Erythrinæ are useful subjects for the garden, their brilliant large, pea-shaped flowers being very attractive. They do especially well planted in a warm position. Bidwillii is an exceptionally fine variety, producing flowers of a dark crimson colour. Price 3/6 each.

EPIMEDIUM ROSEUM.

A pretty dwarf flowering plant which is highly recommended for Rock work. The flowers are rose coloured. The foliage turns beautiful Autumn tints. 2/6.

ERYNGIUM (Sea Holly) VIOLETTA.

This is one of the most attractive herbaceous perennial plants in our collection. The large unusual-looking violet-blue coloured flower heads, and deep violet-purple stems are very attractive. If cut when fully expanded and dried the flowers retain their colour for months. Plant in well drained soil in a sunny position. 2/- each.

NEW ERIGERON QUAKERESS.

The Erigerons are marguerite-like flowers, produced on good stems, which make them very useful for cutting purposes. But whereas the florets of the Marguerites are flat, those of this Erigeron are more numerous and threadlike, the colour being a pretty shade of lavender. 1/6 each.

SEEDLING No. 1.—Similar in growth to Erigeron "Quakeress," but the flowers are bluish purple. 1/6.

NEW AND OTHER PLANTS OF SPECIAL MERIT (Continued).

GORDONIA ANOMALA.

One of the most useful Winter-flowering plants that we know of. The plants have glossy foliage and large single cream-coloured Camellia-like flowers that are produced through the Winter months. Unfortunately our stock of plants is very limited. Price 5/- and 7/6 each.

NEW HELENIUMS.

Heleniums are good subjects for cutting purposes besides making a good garden display. The following are improved varieties. If cut back they will flower again:—

MORHEIM BEAUTY.—Flowers rich crimson, stained orange. 1/6 each.

JULY SUN.—Clear yellow flowers with conspicuous dark centre. 1/6.

WYNDLEY.—Golden yellow, stained mahogany crimson. 1/6.

HOVEA ELLIPTICA.

This is a delightful shrub which grows to a height of about 6 ft. It produces large bunches of purple pea-shaped flowers which resemble the blue sarsaparilla. Although this is one of our Australian Native plants, it is extremely rare, and our stock is very limited. Price 3/6 each.

HIBISCUS SYRIACUS COELESTIS.

A very hardy variety, attaining a height of about 4 feet. The flowers are single and of a pretty azure blue shade. Price 3/6 each.

PHILADELPHUS VIRGINAL.

The Mock Oranges have always been great favourites with the gardening public, and certainly they deserve their popularity, for they are most desirable plants to grow, suiting themselves to almost any situation. This new variety is undoubtedly the finest variety ever introduced. It has very large pure white semi-double cup-shaped flowers which are sweetly scented, and when in full flower makes a glorious display. It is a deciduous variety, growing to about 5 feet in height. Price 2/6 and 3/6 each.

PROTEA SUSANNE.

Most Horticulturists are familiar with the old variety Protea Mellifera, known as the Cape Honeysuckle, with its large pink flowers, which are always attractive. But with Protea Susanne the flowers, which are freely produced, are red. The plants grow equally well around Melbourne or in the mountainous districts. Price 3/6 and 5/- each.

PENTSTEMON HETEROPHYLLUS PROCEREUS.

A good and rare variety, producing an abundance of blue flowers on long stems. 2/-.

POTERIUM OBTUSUM.

An attractive herbaceous plant that requires to be grown in a cool, shaded position. The plants produce graceful fluffy drooping spikes of bright rose-pink flowers. A most uncommon type of flower. 2/- each.

JULIÆ PRIMROSES (A New Class of Hardy Primroses).

This new race forms tufts of dark evergreen foliage. The flowers, which are large and brilliant, are produced in great profusion, over a lengthy period. When better known, they will be in great demand.

JULIÆ.—This is a species, and is the parent of all the beautiful Juliæ hybrids; colour, bright violet. 1/6 each

JULIÆ 2nd.—Deep purple-coloured flowers. 2/6.

THE JEWEL.—Flowers magenta with yellow eye. 2/6.

WANDA.—Flowers brilliant purple. 1/6.

MAUVE QUEEN.—Flowers pinkish mauve. 2/6.

JULÆ MORTON HYBRID.—This is a cross between Juliæ Primrose and a Polyanthus. The flowers are bright red and produced on Polyantha-like stems—rare and distinct. 3/6.

NEW PYRETHRUMS.

These latest introductions are a great improvement, and are very useful for garden decoration or for cutting. They resemble in form double and single Marguerites, and have long stems.

QUEEN MARY.—Double Anemone-shaped flowers of a clean soft pink colour tipped with white. 2/-.

EILEEN MAY ROBINSON.—A single variety of good form, the flowers, which are large, are of a soft pink colour. 2/- each.

JAS. KELWAY.—Single velvety-crimson flowers; very showy. 1/6.

HAMLET.—Very large, single, rich pink flowers produced on long stems. 3/6.

NEW EARLY RED DOUBLE-FLOWERING PEACH.

This new double early flowering variety is especially recommended because it opens its blooms about three to four weeks before the other flowering peaches come into flower. The double flowers are of a rich carmine-crimson colour. Price 2/6 each.

NEW AND OTHER PLANTS OF SPECIAL MERIT (Continued).

PROTEA MELLIFERA (The Pink Cape Honeysuckle).

This fine shrub, with its attractive large flesh-pink flowers, which resembles a large Tulip in shape, is not grown to the extent that its merits deserve. It is easy to grow, suiting itself to almost any situation, thriving equally well in our sandy Brighton soil as in the mountainous districts. The flowers are produced from late in May, a season when flowers are becoming very scarce.

For many seasons past, owing to the difficulty of procuring seed of good germinating quality, this plant has been rather scarce. Having been fortunate in obtaining some fertile seed, we have now a large stock of strong plants that we are offering at a greatly reduced price. Price 1/6 and 2/6 each.

QUERCUS (OAK) COCCINEA SPLENDENS.

We have a limited number of this very ornamental large-leaved scarlet Oak. Price 15/- each.

NEW CLIMBING ROSE, SHOT SILK.

This new vigorous growing climbing rose is the outstanding introduction of this season. It fills a new colour in climbing roses, being best described as rich salmon, orange-cerise veined buttercup yellow at times overshot with orient shades. When known, it is certain to become very popular. Price 6/- each.

For new and other varieties of roses, see our Special Rose Catalogue, post free on application.

NEW RASPBERRY, LLOYD GEORGE.

This new English raised perpetual-bearing variety can be thoroughly recommended. The large nicely coloured fruits which are produced on vigorous-growing plants are of delicious flavor. Price 1/6 each; 15/- dozen.

RHODODENDRON, PINK PEARL.

This beautiful variety is still regarded as the finest variety of its colour in cultivation. With its enormous trusses of large pink flowers a bush of Pink Pearl is indeed a sight not to be forgotten. Any good soil free from lime will grow Rhododendrons, provided they are planted in a position shaded from the hot sun; they grow and flower well in large pots, tubs or tins. Everyone who has a position for this charming Rhododendron should grow it. Price 5/-, 7/6 and 10/6 each. Specimen Plants 20/-, 40/- each.

RHODODENDRON PONTICUM VARIEGATUM.

The green leaved variety of Ponticum Rhododendron, with its delicate mauve flowers, is always admired, but this variety is greatly enhanced by the lovely variegation of its leaves, the deep green of which are surrounded by a creamy white margin. A very suitable plant for the cold hill country, or it can be successfully grown in shade of a building or in a shade house. It also makes a pretty pot plant. The flowers are the same colour as the original variety. Price 7/6 each.

NEW PERENNIAL SCABIOSA CAUCASICA "HEAVENLY BLUE."

This is a gem for cutting. The large flowers, which are a delightful shade of lavender-blue, are produced on long stems. A bowl of this lovely variety is very attractive. Price 2/- each.

SAXIFRAGA HOLSTII.

These plants do best in a shaded part of the garden in moist soil. The flowers are pink, like a giant London Pride; they are fine for cutting, as they last well. 1/6 each.

THALICTRUM AQUILEGIFOLIUM ROSEUM.

This is an herbaceous perennial plant that we can confidently recommend. The plants grow about 2½ feet high, and produce pretty sprays of fluffy rose-pink flowers. The foliage resembles that of the Aquilegia, commonly called Columbine. 2/6 each.

VERONICA IMPERIALIS VARIEGATUM.

In our opinion, this new variegated form of Veronica is one of the finest novelties introduced for years. Veronicas are undoubtedly one of the most useful class of shrubs to suit our Australian climate, thriving in almost any situation. This new variegated form is not only a desirable plant for its uncommon amethyst-crimson coloured flowers, but its foliage is a continuous delight. It is an evergreen shrub with an abundance of foliage which is mottled green, or better described perhaps as Shot Silk mottling in the centre of each leaf. On the outside of the leaves there is a deep irregular edging of creamy white, while in the Winter a pink shading appears and blends with the variegation already described, making a wonderful combination of colours. The flowers are freely produced during the late Autumn and Winter when flowers are at a premium.

This new creation is another triumph for the noted Australian hybridist, Mr. E. H. Edwards, of Brighton, Victoria, the raiser of Lasiandra Edwardsii, Ceanothus Edwardsii and other plants of outstanding merit. Price 3/6 each.

IRIS GERMANICA (Flag Iris).

The following varieties are all excellent kinds and of easy cultivation. Any well drained soil in an open position will suit them:

BALBOA.—Large bright red flowers borne on long stems. 3/6.

ANN PAGE.—A very large beautiful lavender-blue self colour. Stems stout and erect. 2/6.

NEW AND OTHER PLANTS OF SPECIAL MERIT (Continued).

- ASIA.**—A splendid variety; petals pale silvery lavender, deepening at the base to golden yellow. Falls pale reddish purple, lightening towards the edges. 3/6.
- AVALON.**—A large flowered, beautiful light mauve of good substance. 3/-.
- BRUNO.**—An Iris of exceptional size and quality; Standards bronze tinted and lightened with lavender, shading to yellow at the base. Falls deep rich purple. 5/-.
- CAMELOT.**—Creamy white, edged with pale lavender. 2/-.
- CITRONELLA.**—A fine tall yellow Iris; Standards large, of a bright buttercup-yellow. Falls long and drooping of a ruddy-brown colour and bright orange beard. 10/6.
- FLAMING SWORD.**—Standards brilliant deep yellow. Falls reddish maroon margined with yellow. 3/-.
- J. B. DUMAS.**—Standards violet-rose, falls deeper shade, large flower. 5/-.
- LADY BYNG.**—Flowers clear pale lavender with a slight suffusion of rose. 5/-.
- OLIVE MURRELL.**—Deep lavender rose shot with bronze and buttercup, yellow beard. 3/6.
- LEONATO.**—A very large-flowered variety, standards bright lavender passing to silvery-heliotrope in certain lights. Falls of slightly darker tone; sweetly-scented. 7/6.
- MAGNIFICA.**—Very large flowers on good stems, standards light violet blue and very broad. Falls long and drooping of a deep rich reddish-violet colour. Sweetly perfumed. 2/6.
- MILDRED PRESBY.**—White standards and Pansy-violet falls. 5/-.
- MISTRESS FORD.**—Standards light reddish-purple. Falls long, of a rich reddish-violet colour. 3/6.
- MOONLIGHT.**—Very large flowers on good stems. Standards delicate pearly grey. Falls long and drooping, of a slightly darker shade. 5/-.
- MORWELL.**—Immense flowers; standards bright lavender-blue. Falls light violet-blue. 2/6.
- PIONEER.**—A splendid variety. Bright reddish-purple standards. Falls deep glowing reddish-purple, with orange beard. 7/6.
- SOUVENIR de MME. GAUDICHAU.**—One of the best varieties in cultivation. A tall, early, deep purple bicolor of an unusual velvety appearance. 3/-.
- SUSAN BLISS.**—Large flowers of a delicate shade of pale lilac-rose. The flowers are large and freely produced. 3/6.

JAPANESE ROOF IRIS "TECTORUM."

Those who have been fortunate enough to visit Japan during the flowering season of this charming large sky blue Iris were no doubt charmed with its beauty. Although it is an old variety, it is not generally known. It is easy to grow, and having a good stock we are offering it at a price that will put it in reach of all. Price 1/6 each.

TECTORUM ALBA.—White. 1/6 each.

NEW HYBRID KNIPHOFIAS.

The following varieties of Kniphofias, commonly called Red Hot Poker Plants, are more dainty than the older type, having finer foliage and more slender stems, and therefore are much more useful for cutting purposes. But the older varieties still hold pride of place where a noble garden display is the object:—

BELLBIRD.—Flowers yellow, tipped with red. 2/-.

F. C. COMMELIN.—Flowers bright tango. 2/-.

ORANGE LIGHT.—Flowers orange scarlet. 2/-.

KALMIA (Mountain Laurel LATIFOLIA (The American Bridal Bush).

Although this plant has been obtainable in Australia for many years, it is not grown to the extent than its merits deserve. Certainly it requires to be grown under different circumstances to most garden plants, but anyone having a position suitable for growing Rhododendrons and Azaleas satisfactorily should be successful with this lovely American plant. At our Brighton Nursery in the shade of one of the ti-tree houses we have grown and flowered it most successfully. For refinement and beauty it is unsurpassed. The terminal clusters of flowers are of the most delightful pink shade; the unopened buds have a lovely pink waxy appearance, each bud being symmetrically crinkled. It is equally pretty in bud, as when the flowers are fully opened. Like Rhododendrons it does not like a soil that contains lime. Any plant lover who can find a suitable position should not hesitate to plant it. Plants 5/-, 7/6, 10/6, 15/-, 21/-, according to size.

LAGERSTROEMIA EAVESII (Crape Flower).

This deciduous shrub is one of the gems of our collection, which when better known will be in great demand. The plants attain a height of about 6 feet, and in Summer produce clusters of lovely mauve flowers; each flower being prettily crinkled, from which it derives the name of Crape Flower. Although this shrub appears to flourish in all kinds of soils and situations, we advise planting in a position sheltered from the hot North winds, which are detrimental to the delicately-coloured flowers. Plants 3/6 and 5/- each.

NURSERIES:
COR. HAMPTON ST.
AND CENTRE RD.,
NORTH BRIGHTON

GILL & SEARLE LTD.

Telephone:
X 4310

NEW AND OTHER PLANTS OF SPECIAL MERIT (Continued).

LUCULIA GRATISSIMA ROSEA.

Undoubtedly this is one of the most valuable introductions that we have had the pleasure of offering to the gardening public for many years. The flowers which are produced in Winter are of a most glorious shade of pink, and are sweetly scented. The foliage is shapely and of a pretty shade of green, which, in the Winter, turns to a bronzy shade.

The plant is an evergreen growing from 4 to 8 feet high, but will flower when grown under favourable conditions when 18 inches high. It prefers a situation protected from hot north winds; a position facing East or on the protected side of a building or fence will suit it. **Price 2/6 and 3/6 each.**

NEW MAPLE.

ACER DASYCARPUM PULVERULENTUM.—A rare form, the leaves of which are spotted crimson; in Autumn the leaves turn orange-red. The flowers that appear in the early Spring are very attractive. **Price 5/- and 7/6 each.**

NEW MONTBRETIA KATHLEEN.

The Montbretias are bulbous subjects resembling in growth a Miniature Gladioli. "Kathleen," the variety we are now offering for the first time, is a distinct break in colour, being pink and bronze; the growth is tall and erect. Excellent for cutting. **5/- each.**

PERENNIAL PHLOX, "GEORGE STIPP."

The perennial varieties of Phlox with their numerous heads of showy flowers are a great attraction during a long flowering period. This new variety is of special merit, the flowers being of a lovely salmon shade, a colour that always attracts attention. **Price 2/- each.**

PAEONY (Shrubby), LUTEA.

Paeonies are universal favourites, and no doubt this shrubby variety will be welcomed by all admirers of this class of plants. The single golden-yellow flowers, with masses of yellow anthers, are very attractive, besides being sweet scented and freely produced. **Price 3/6 and 5/- each.**

VIBURNUM PLICATUM TOMENTOSUM.

This is a variety that we can highly recommend. The plants grow from 4 to 6 feet high, and produce flat heads of creamy white flowers, followed by red berries. It has very handsome foliage, which turns to a rich bronze shade as the weather becomes cold in Autumn. **Price 2/6 and 3/6 each.**

NEW EARLY WEIGELA (Diervilla) LE PRINTEMPS.

Weigelas are one of the most useful classes of deciduous shrubs that we possess, producing in the Spring masses of bloom. This new introduction is of special merit, as it produces its tender rose-pink flowers early in the season. A very hardy shrub of about 4 ft. in height. **Price 3/6 each.**

FRAXINUS RAYWOODII (The Claret Ash).

This new Ash Tree is undoubtedly one of the best introductions of recent years. The foliage becomes a bright claret colour in the early Autumn, and retains its beautifully coloured leaves for about two months. **Price 7/6 each.**

EUGENIA CYANOCARPA (The Blue-berried Myrtle).

Eugenias are among our hardiest evergreen shrubs. "Cyanocarpa" is conspicuous for its large purplish-blue berries, which are abundantly produced in the Winter. The plants grow to a height of 10 feet, but may be cut back if necessary to 5 or 6 ft. **Price 2/6 each.**

CEDRUS DEODARA AUREA.

The handsome Cedrus Deodara or Indian Cedar with its drooping tasselled foliage is the admiration of all tree lovers. Deodara Aurea is of the same habit of growth, but the foliage is of a golden shade. **Price 7/6 each.**

PYRUS MALUS PARKMANNII.

This is one of the gems of our collection. The plants attain a height of about 6 feet, and in the Spring produce a wealth of lovely semi-double pink flowers, which in the bud stage are of a red shade. When in flower at our Nursery it attracts special attention. **Price 3/6 each.**

Decorative Plants

For Fernery, Room and Verandah Decoration.

ASPIDISTRA.—Green-leaved. 2/-, 3/-, 5/-, 7/6 upwards.
ASPIDISTRA.—Variegated-leaved. 3/6, 5/-, 7/6, upwards.
AUCUBA.—Variegated. 3/6 each.
AUCUBA.—Green-leaved. 2/6 each.
BEGONIA, REX VARIETIES.—These are the beautifully marked large-leaved varieties. 2/6 each.
BEGONIA TREE.—Both flowers and foliage are attractive. 2/- each.
COLEUS, "BRILLIANT."—A red foliated variety that is not subject to blight like other varieties. 2/-.
ASPARAGUS PLUMOSUS.—Flat feathery foliage. 2/- each.
ASPARAGUS SPRENGERI.—The best variety for hanging baskets.
FERN, ADIANTUM (Maiden-hair).—Sorts. 1/6, 3/-, 5/- each.
FERNS, LACE.—2/-, 3/6, 5/- each.
OTHER VARIETIES OF FERNS.—1/6 2/6, 3/6 upwards.
PALMS, KENTIA VARIETIES.—2/6, 3/6, 5/-, 7/6 upwards.
PALM, COCOS WEDDELIANA.—2/6, 3/6, 5/-, 7/6 upwards.
We have several handsome varieties of CONIFERS that are splendid hardy subjects for decorative purposes. 3/6, 5/-, 7/6 each.

PLANTS SUITABLE FOR EDGING PURPOSES

ALTERNANTHERAS.—Showy Spring and Summer bedding plants. 2/- dozen, 12/6 per 100.
AUBRIETIA, PURPLE.—3/6 dozen, 24/- per 100.
BEGONIAS.—Fibrous-rooted, in several varieties. One of the most showy class of bedding or bordering plants that we possess. 1/6 dozen, 10/- per 100.
GERANIUM, SCARLET.—9/- dozen, 60/- per 100.
HEUCHERA SANGUINEA.—Coral-red flowers. 2/- dozen, 12/- per 100.
IRESENE.—The variety offered is the dark red-leaved sort. 2/- dozen, 12/6 per 100.
NEPETA MUSSINI (Cat Min).—Salvia-like lavender-blue flowers. 3/6 dozen, 25/- per 100.
PRIMROSE, MIXED.—3/6 dozen, 22/6 per 100.
PRIMROSE, YELLOW.—3/6 dozen, 22/6 per 100.
POLYANTHUS PRIMROSES, MIXED.—3/6 dozen, 22/6 per 100.
POLYANTHUS, MIXED.—3/6 dozen, 22/6 per 100.
PYRETHRUM (Exhibition Border).—Golden foliage. 3/6 per 100.
PINKS.—In several varieties. 12/- dozen.
SAXIFRAGE CORDIFOLIA.—12/- dozen..
THYME, VARIEGATED.—30/- per 100.
VIOLETS.—See Special List.

For other edging plants such as Ageratum, Lobelia, Pansies, Primula Malacoides, Violas, etc., see Seedlings Pages 1 and 2.

VOLCK

THE SCIENTIFIC NON-POISONOUS ORCHID AND GARDEN INSECTICIDE.

Efficient, safe and easy to use. No disagreeable odour, no smarting eyes, and does not harm the skin. The recognised Spray for Citrus Trees. It destroys Scale, Red Spider, Black Smut, Aphides, Thrip, Mildew, Mealy Bug and other garden pests. It not only destroys the fully developed insects but destroys the eggs and larvae. For small quantities use 1½ teaspoonfuls to 1 pint of water. In larger quantities use 1 or 2 parts of "VOLCK" to 100 parts of water.

In ½ pint tins, 2/-; pint tins, 3/6; 1 quart tins, 6/6. Full directions for using on tins.

The "Everlast" Embossed Aluminium Labels

For Naming or Numbering Roses, Dahlias, Gladioli, Trees, Shrubs, and other Plants, etc.

Can be attached to Leather Bags, Attache Cases, Portmanteaus, etc. Any name or number can be embossed and forwarded promptly to any address.

Price: 2/- dozen or 15/- per 100 for labels each containing 16 or part of 16 letters; Numbers only, from 1 to 10,000, 1/- per dozen labels, 4/- for 50, 7/6 per 100.

PRICES INCLUDE POSTAGE TO ANY PART OF AUSTRALIA.

GARDEN DESIGNING

Our expert has had considerable experience in Garden Designing and Planting; also in constructing Rock Gardens, Crazy Paths, Fish Ponds, Fountains, Pergolas, etc.

We shall be pleased to submit plans and make suggestions for all kinds of Garden Beautification Work, and arrange for it to be skillfully carried out.

BRING YOUR GARDEN PROBLEMS TO US, OUR EXPERT ADVICE IS FREE.

SHRUBS AND TREES (Continued).

SALIX (The Willow). Continued.

- Rubra** (The Pussy Willow), D.T., 10 ft. The
showy catkins or pussies, if cut before they
open, can be dried and used for Winter
decoration 1/6

- Sempervirens**, E.S., 100 ft. Pale green Yew-
like foliage 2/6 & 3/6
Gigantea (syn. *Wellingtonia gigantea*), E.S.,
100 ft. The Californian Giant Tree 3/6

SHE-OAK (See Casuarina)

SILKY OAK (See Grevillea Robusta)

SNOW BUSH (See Spiraea Grandiflora)

SNOWBERRY BUSH (See Symphoricarpus)

SOPHORA (syn. Edwardsia)

- Microphylla** (syn. *Tetraptera*). 12 ft. Yel-
low pea-shaped flowers and Mimosa-like
foliage 2/-

SPANISH BROOM (See Spartium)

SPARMANNIA

- Africana Flore Pleno**, E.S., 10 ft. Clusters of
double white flowers in Winter. Very hardy 2/-

SPARTIUM (Broom)

- Album**, E.S., 5 ft. White 2/-
Junceum (Spanish Broom), E.S., 6 ft. Rich
yellow 1/6 & 2/-

SPINDLE TREE (See Euonymus)

SPIRAEA (Shrubby Spiraeas)

- Anthony Waterer**, D.S., 3 ft. Variegated
foliage, red-crimson flowers 1/6
Bella, D.S., 4 ft. White flowers 1/-
Bumalda Ruberima, D.S., 3 ft. Dark carmine-
rose flowers 1/6
Callosa, D.S., 3 ft. White flowers 1/-
Douglasii, D.S., 4 ft. Deep rose flowers 1/6
Grandiflora, D.S. (syn. *Exochorda Grandiflora*).
Large pure white flowers 2/-
Multiflora Arguta, D.S., 4 ft. Single white
flowers in great profusion on weeping bran-
ches 2/6
Opulifolia Aurea, D.S., 4 ft. Rich golden
foliage and pure white flowers 2/-
Prunifolia Flore Pleno, D.S., 4 ft. Double
pure white flowers clustered along the droop-
ing branches 1/6
Reevesiana, D.S., 5 ft. "Bridal Wreath" pure
white flowers 1/6
Reevesiana Flore Pleno, D.S., 4 ft. Double
white 1/6
Tomentosa, D.S., 3 ft. Rosy white 1/6
Thunbergii (syn. *Gracilis*), D.S., 3 ft. White
flowers, foliage of brilliant colouring in the
Autumn 2/-
Wilsonii, D.S., 3 ft. Long arching branches
covered with pure white flowers 2/-

SPHAERALCEA

- Rosea**, E.S., 6ft. Abutilon-like deep rose flow-
ers freely produced throughout the year 2/-

STAPHYLEA (Bladder Nut)

- Colchica**, D.S., 4 ft. Bunches of creamy white
flowers in early Spring 2/-

- Grendon Giants.** A splendid strain, most of
which are equally as good as the expensive
named kinds 1/6 each; 15/- doz.

DIELYTRA (Bleeding Heart or Lyre Flower)

- Spectabilis,** 3 ft. Heart-shaped deep pink and
white flowers. Plant in the shade . . 2/- & 2/6

DIERAMA (The Wand Flower)

- Pulcherrima,** 4 ft. Rosy purple bells hanging
from slender stems 1/-

- Rosea,** 4 ft. Clear rose flowers 1/6

DIETES

- Bicolor.** Yellow and brown Iris-like flower . . 1/6

DODECATHEON (American Cowslip)

- Meadia,** 1½ ft. Violet Primula-like flowers. Re-
quires a shady position 2/-

DORONICUM (Harpur Crew)

- Plantagineum Excelsum,** 4 ft. Golden yellow
Daisy-like flowers 1/6

ECHINOPS (The Globe Thistle)

- Bannaticus,** 5 ft. Grey-blue colour 1/6

- Humilis,** 3 ft. Intense rich deep blue 2/-

- Ritro,** 3 ft. Deep blue flowers 1/6

ERIGERON (Fleabane)

- Elatior Gigantea,** 2 ft. Large pale blue flowers 1/6

- Mrs. Gale,** 1 ft. Masses of mauve flowers . . 1/6

- Quakeress.** See Coloured Pages.

- Speciosus Superbus,** 3 ft. Rich lavender
flowers 1/6

EPIMEDIUM

- Roseum.** See Coloured Pages.

EUPATORIUM

- Purpureum,** 5-6 ft. Bright pink flowers . . . 1/6

ERYNGIUM

- Violetta.** Spiny thistle-like flowers of a rich
violet-blue colour. Flowers will keep for
weeks if cut and dried. See Coloured Pages.

FRANCOA

- Ramosa,** 2½ ft. Blush white flowers. Grow in
shaded position 1/6

FUNKIA (Plantain Lily)

- Ovata,** 1½ ft. Handsome foliage and purple
flowers 1/6

- Undulata,** 9 in. Variegated foliage marked
green and white 2/-

FUCHSIAS

- A Splendid Collection of Single and Double
Varieties 1/3 each; 12/- per doz.**

GAILLARDIA

- Mrs. T. Marriot.** Large crimson flowers with
yellow border. A very useful Winter flower-
ing variety 1/6

- Portola Mixed Hybrids.** Very fine, equal to
the named varieties; mixed colours . . 1/6 per doz.

GAURA

- Lindheimeri,** 3 ft. White flowers on long
stems 1/6

GAZANIA

- Splendens,** 1½ ft. Large Marigold-like flowers.
Good rockery plants 6d.

GERANIUM

- Ivy Leaved.** Climbing. The best kinds . .
. 1/3 each; 12/- per doz.

- Zonale.** A first class collection . . 1/3 each; 12/- doz.

GERBERA

- Improved Hybrids.** Assorted colours . . . 1/6

GLADIOLI (Write for Special List)

GYPSOPHILA

- Paniculata,** 3 ft. Tiny white flowers in panicles 1/6

- Paniculata Flore Pleno,** 3 ft. Large heads of
small double white flowers 1/6

HEDYCHUM (Garland Lily)

- Coccineum Angustifolium,** 8 ft. Brick red
shading to crimson 2/6

- Elatum,** 4 ft. White with pink blotches . . . 2/6

- Ellipticum.** White shaded yellow, with red
stamens 2/6

- Gardnerianum,** 4 ft. Yellow, very fragrant . . 2/-

- Glaucum,** 3 ft. White with reddish-yellow fila-
ments. Strongly perfumed 2/6

- Pradhamii,** 5 ft. White shaded with flesh pink 2/6

- Samsherii,** 5 ft. Orange-yellow 2/6

- Villosum,** 3 ft. White with red stamens . . . 2/6

HELENIUM

- Morheim Beauty, July Sun, Wyndley.** See
Coloured Pages.

- Pumilum Magnificum.** Large clear yellow . . 1/6

- Riverton Beauty.** Rich lemon-yellow . . . 1/6

- Riverton Gem.** Yellow shaded terra-cotta . . 1/6

HELIANTHUS (Perennial Sunflower)

- Miss Mellish.** Semi-double yellow 1/6

- Pyramidalis,** 7 ft. Masses of clear yellow
flowers 1/6

- Soleil D'or.** Rich double yellow 1/6

HELLEBORUS (Christmas Rose)

- Several Varieties 1/6**

RHODODENDRON, PINK PEARL IS ONE OF OUR GARDEN GEMS.

Evergreen, Herbaceous, Bulbous & Tuberous-Rooted Plants (Continued).

HEUCHERA

Sanguinea. Coral-scarlet, very pretty . . . 1/6

HIBISCUS (Giant Mallows)

Moscheutos Coccineus. Scarlet . . . 2/6

INCARVILLEA

Delavayi, 2 ft. A pretty Chinese plant with rose coloured Gloxinia-like flowers . . . 2/6

INULA

Grandiflora, 2 ft. Golden yellow Marguerite-like flowers . . . 1/6

IRIS, GERMANICA (Flag Iris). See also

Coloured Pages.

Ambassadeur, 3 ft. Reddish violet and purple 2/-

Ballerine. Light violet-blue . . . 2/-

Ed. Michel. Brilliant reddish violet . . . 1/6

Hakador. Pale rosy blue . . . 1/6

Lady Chas. Allom. Rich blue . . . 2/-

Lady Foster. Lovely pale blue . . . 2/-

Catarina. Lavender and blue . . . 1/6

Gules. Reddish violet and blue . . . 1/6

Lent. A. Williamson. Blue, lighter edging . . . 2/-

Lord of June. Dark and light blue . . . 2/-

Melpomene. Clear blue, yellow beard . . . 2/-

Mrs. Cowley. Rosy copper and velvety crimson . . . 2/-

Neptune. Purplish blue and pale blue . . . 2/-

Opera. Rich Pansy violet . . . 1/6

Oporto. Rich purple shade . . . 2/-

Prosper Laugier. Copper and dark maroon . . . 1/6

Queen Caterina. Rich lavender . . . 1/6

Sirdar, 3 ft. Blue, faintly edged silver . . . 2/-

Titus. Brilliant rosy mauve . . . 2/6

White Knight. A fine white variety . . . 3/6

IRIS

Kaempferi (Japanese Iris). In separate colours 1/6
(For other varieties of Irises, see our Bulb Catalogue.)

KNIPHOFIA (syn. Tritoma) (RED HOT POKER). See Also Coloured Pages.

Aurea. Good yellow colour . . . 1/6

Belle Orange, 3 ft. 2/-

Border Perfection, 2 ft. Clear golden amber shades with salmon . . . 2/-

Corallina. Bright red, semi-dwarf . . . 1/6

Diana. Rich lemon-yellow . . . 1/6

Ensifolia, 5 ft. Rich golden yellow, Winter flowering . . . 2/-

Goldelse, 3 ft. Golden yellow on slender stems 1/6

Grandiflora. Good large scarlet . . . 1/6

Leonie, 3 ft. Deep orange-red . . . 2/-

Little Treasure, 2½ ft. Bright orange shaded salmon . . . 2/-

Nobilis, 5 ft. Rich orange-scarlet . . . 1/6

Pfitzeri. Scarlet . . . 1/6

Robert E. Lee, 4-6 ft. Tapering salmon-red spike . . . 3/-

Rouge Et Soufre, 6 ft. Top of spike red, lower half yellow . . . 3/6

Royal Standard, 3 ft. Orange-scarlet passing to citron-yellow . . . 2/-

Saundersii. Glowing scarlet . . . 1/6

Uvaria Grandiflora. Rich scarlet . . . 1/6

LIATRIS (syn. Lacinaria)

Spicata, 2 ft. Glowing mauve flowers on stiff stems . . . 2/-

LILIUMS (See Bulb Catalogue)

LITHOSPERMUM

Prostratum. Lovely Gentian blue flowers, low growing; good for rockwork . . . 2/-

LOBELIA

Cardinalis "Queen Victoria." Vermilion scarlet flowers and bronze purple foliage. Plant in moist shaded position . . . 1/6

LUPINUS (Lupin)

Perennial "Rainbow" Hybrids. A glorious strain of these favourite flowers. Crowns May to Aug. 6d. ea.; 5/- doz. In Pots, 1/- ea.; 10/- doz.

LYCHNIS

Chalcedonica, 2 ft. Bright rich scarlet flowers 1/6

Chalcedonica "Salmon Queen," 2 ft. Pale salmon-pink flowers . . . 1/6

Haageana, 2 ft. A large red flowered hybrid variety . . . 1/6

Viscaria Splendens, Fl. Pl. See Coloured Pages.

LYCORIS (The Spider Lilies). See

Nerines.

MARICA

Coerulea. Iris-like plant with most intense blue flowers . . . 1/6

MESEMBRYANTHEMUM

Of Sorts . . . 6d. each; 5/- doz.

MONARDA (The Bergamot)

Purpurea. Dense masses of violet-purple flowers . . . 1/6

Sunset. Rich scarlet-crimson . . . 1/6

MONTBRETIAS (Splendid for Cutting)

Henry VIII, 3 ft. Bright orange with dark markings . . . 1/6

His Majesty, 4½ ft. A glorious variety. Velvety scarlet shading to gold; very large flowers . . . 1/6

Kathleen. See Coloured Pages.

Lord Nelson, 3 ft. Rich vermilion, orange, scarlet and gold . . . 1/6

Norvic, 2 ft. Yellow, stained gold . . . 1/6

Pocahontas, 3 ft. Rich coppery-scarlet and golden orange . . . 1/6

Princess, 2½ ft. Orange-scarlet, primrose and suffusion of rose . . . 1/6

Prometheus, 3-4 ft. Fiery orange with red markings . . . 1/6

Queen Adelaide, 3 ft. Deep orange, shaded red . . . 1/6

Queen Alexandra, 3 ft. Chrome-yellow with carmine blotch . . . 1/6

Queen Charlotte, 2½ ft. Orange-scarlet, shaded primrose . . . 1/6

Star of the East, 4 ft. Orange-gold with lemon eye and orange-red markings . . . 1/6

Tangerine, 2½ ft. Rich orange, shaded yellow 1/6

LUCULIA GRATISSIMA IS A GLORIOUS PINK-FLOWERING SHRUB.

Evergreen, Herbaceous, Bulbous & Tuberous-Rooted Plants (Continued).

MONTBRETIAS (Continued).

- Tragedie, 3½ ft. Deep red, shaded maroon in
centre 1/6
Una, 2½ ft. Golden apricot, flushed orange . . 1/6

NERINES & LYCORIS (Spider Lilies)

- Bowdeni. Rosy magenta 1/6
Coral New. Red 3/6
Corusca. Brilliant scarlet 1/6
Crispa. Pale pink, rare 1/6
Elegans Alba. Pure white 1/6
Fothergilli. Vermilion-scarlet 1/6
Fothergilli Major (Rare). Improved scarlet 3/6
Filifolia. Red 1/-
Humulus. Rose-pink 1/6
Japonica (Lycoris radiata). Deep red 1/-
Lycoris Aurea (Golden Spider Lily). Golden 2/-
Lycoris Sanguinea.—Carmine-red 2/-
Lycoris Squamigera (Purple Spider Lily).
Purplish-pink 2/-
Rose Queen. Fine rose shade 2/6
Rosea. Bright red 1/6
Sarniensis. Rose-crimson 1/-
Our Selection of 6 Named Varieties of Nerines
for 7/6

ONOPORDON

- Salteri, 11 ft. Thistle-like blue flowers and sil-
ver leaves and stems 2/6

PAEONIA (Herbaceous Paeony)

- Best Named Varieties 2/6

PENTSTEMON

- Hybrids. We have a splendid collection of
named sorts 12/- doz.; 1/3
Heterophyllus Procereus (See Coloured Pages).

PHYGELIUS (Cape Fig Wort)

- Capensis, 2 ft. Pendulous scarlet flowers . . 1/6

PHYSOSTEGIA (The Dragon's Head)

- Virginiana. Heath-like, mauve pink flowers 1/6
Virginiana Alba. Pure white 1/6

PLATYCODON (The Balloon Flower)

- Grandiflorum Mariesii. Deep rich blue flowers 2/-
Grandiflorum Mariesii Album. White, flushed
with blue 1/6

POLIANTHES (The Tuberose)

- Single and Double 5/- doz.; 6d.

POLYANTHUS HYBRIDS (Bunch Primrose)

- A fine strain of large-flowering, richly coloured
hybrids; mixed colours 3/6 doz.; 4d.

POTERIUM

- Obtusum. See Coloured Pages.

PELARGONIUMS

- Best Varieties 20/- doz.; 2/-

PRIMULA (The Primrose)

- Juliae Varieties. See Coloured Pages.
Vulgaris Hybrids. English Primroses, in a
fine range of colours 3/6 doz.; 4d.
Vulgaris. The popular English yellow Prim-
rose 3/6 doz.; 4d.

PHLOX PERENNIAL (Decussata)

1/6 each; 15/- dozen.

- Aegir. Brilliant scarlet-red.
Bacchante. Rosy carmine, purple eye.
Caron D'Ashe. Carmine, rose centre.
Coquillicot. Vivid orange-red.
Commander-in-Chief. Crimson, darker eye.
Eclairer. Purplish-crimson, lighter eye.
Esclarmonde. Deep lavender, darker base.
Etna. Deep coral-red.
Evangeline. Clear rose-pink, dark eye.
Europa. Pure white, carmine eye.
Gallipoli. Lavender, striped white.
G. A. Strohlein. Orange-scarlet.
Grupphenkonigin. Satin-rose, dark eye.
H. Hirth. Rosy pink, scarlet eye.
Homeland. Dark orange-red.
Iris. Blush violet, red eye.
Madame Damage. White, pink eye.
Mars. Red, carmine eye.
Mons G. Henderson. Purplish magenta.
Marie S. Jacob. Pale lilac, white eye.
Mia Ruys. Large white flowers.
Mrs. Ada Ellis. Deep rosy red.
Mrs. Milley Hoboken. Soft clear red.
Mrs. H. J. Jones. Deep mauve, carmine eye.
Mrs. Noorderwier. Rosy red, white eye.
Mrs. F. Robinson. Deep salmon-pink.
Mrs. Rutgers. Light rosy lilac.
New Bird. Rich crimson.
Paniculata Alba. Tall white.
Pantheon. Extra fine salmon-rose.
Rynstroom. Very large pale pink.
Rheinlander. Salmon-pink, red eye.
R. A. Goldie. Large, rich salmon.
Somerton. White suffused blue, crimson eye.
Superb. Rosy pink.
Selma. Pink, cherry-red eye.
The Pearl. Large, pure white.
Thor. Deep rosy pink.
Victory. Purplish crimson, darker centre.
William Veitch. White, crimson eye.
W. Watson. Deep pink, dark eye.

**PYRETHRUM HYBRIDUM. Splendid for
cutting. See also Coloured Pages.**

- James Kelway, 2 ft. Single velvety crimson 1/6

RHAPONTICUM (syn. Centaurea)

- Pulchrum Major, 2½ ft. Pink Cornflower-like
flowers 2/6

RICHARDIA (Lily of the Nile)

- Alba. White Arum Lily 7/6 doz.; 9d.
Alba Maculata. Cream-white, dark base . . . 9d.
Elliotiana. Deep golden-yellow flowers, and
foliage spotted white 2/-
Perle Von Stuttgart. Pure white 1/6
Rehmanni (The Pink Calla). White flowers
turning to pink 2/6
Rehmanni Rosea. Pretty rose colour 2/6
Sanctum. Sweet-scented, velvety purplish-
black flowers 1/6

ROSES (Write for Special Catalogue)

CEANOTHUS EDWARDSII IS A SPLENDID BLUE-FLOWERING SHRUB.

Evergreen, Herbaceous, Bulbous & Tuberous-Rooted Plants (Continued).

RUDBECKIA (Cone Flower)

- Autumn Glory, 4 ft. Single golden yellow flowers 1/6
Golden Glow, 4 ft. Double, deep yellow flowers 1/6
Newmanii, 4 ft. Single, deep golden and yellow 1/6
Purpurea (syn. Echinacea), 4 ft. Ruby red 1/6

SALVIA (America)

- Azurea, 3 ft. Sky blue flowers 1/6
Bethellii, 3 ft. Pink, tipped white 1/6
Coelestina, 3 ft. Light blue 1/-
Leucantha (syn. Barbata). Rich purple, Winter flowering 1/6
Patens. Bright rich blue 1/6
Rutilans, 3 ft. Magenta crimson 1/-

SAPONARIA (Soap Wort)

- Officinalis Flore Pleno. Double blush pink flowers. A very useful cut flower, plants spread very quickly 1/-

SAXIFRAGA

- Cordifolia. Trusses of brilliant rose coloured flowers in Winter 1/6
Umbrosa. Trusses of small wax-like pink flowers, known as "London Pride" 1/6

SCABIOSA (See also Coloured Pages)

- Caucasica "Heavenly Blue." See Coloured Pages.
Columbaria, 2 ft. Undoubtedly one of the best flowers for cutting in our collection. The beautiful mauve flowers are produced on long stems and last well when cut 1/6
Japonica, 3 ft. Small, deep lilac flowers 1/6

SCHIZOSTYLIS (The Kaffir Lily)

- Coccinea. Bright scarlet flowers 1/6
Mrs. Hegarty. Clear salmon-pink flowers 1/6

SCUTELLARIA

- Baicalensis, 1 ft. Dense masses of rich violet Salvia-like flowers 1/6

SILENE (The Cushion Pink)

- Fortunei. Cloud-like masses of bright rose-pink flowers 1/6

SILPHIUM

- Perfoliatum, 6 ft. Yellow Sunflower-like blooms 1/6

SOLIDAGO (Golden Rod)

- Flexuosa. Dense heads of feathery golden yellow blooms 1/6

SPIREA (See Astilbe)

STATICE (The Sea Lavender)

- Caspia, E.S., 2 ft. Masses of tiny purple flowers. Very dainty 1/6
Latifolia, E.S., 2 ft. A lovely variety. Masses of small pale blue flowers about the size of a pin's head 1/6
Macrophylla, E.S., 2 ft. Large heads of rich blue flowers 1/6
Perezii, E.S., 2 ft. Large heads of rich blue flowers 1/6

STOKESIA (Cornflower Aster)

- Cyanea, 12 inches. Aster-like blue flowers on long stems; good cut flower 1/6

THALICTRUM (Meadow Rue)

- Aquilegifolium Roseum. See Coloured Pages.
Dipterocarpum, 3 ft. Dense masses of small mauve flowers and pretty maiden-hair-like foliage 1/6

TRITOMA (See Kniphofia)

TROLLIUS (Globe Flowers)

- Europaeus, 2 ft. Lemon-yellow buttercup-like flowers 1/6
Ledebouri, 2½ ft. Rich orange-yellow flowers 1/6

TWEEDIA (syn. Oxypetalum)

- Coerulea. Star-shaped pale blue flowers 1/6

VALLOTA (Scarborough Lily)

- Purpurea. Showy red flowers 1/6

VERONICA (Speedwell)

- Prostrata (Royal Blue). See Coloured Pages.
Spicata, 18 inches. Bright blue flowers 1/6

VIOLETS

- Baron de Rothschild. Single large purple flowers on good stems 2/6 doz.
Princess Mary. Giant rich violet-blue single flowers with a distinct cushion of extra petals in the centre 3/6 doz.
Count Brazza. Double pure white flowers 3/6 doz.
Lady H. Campbell. Double lavender-blue flowers 3/6 doz.
Mrs. Lloyd George. Single deep rich violet-blue with small rosette centre 2/6 doz.
Neapolitan. Double pale mauve; lovely 3/6 doz.
Princess of Wales. Single deep violet flowers 2/6 doz.
King of the Doubles. Large double blue and white flowers 2/6 doz.

Trailing and Rockery Plants

ANCHUSA

- Myosotidiflora. Light blue Forget-me-not flowers 1/6

ANTHERICUM

- Variegatum. Green leaves striped with white, flowers white 1/6

ASPARAGUS

- Sprengerii. Handsome drooping foliage. For shaded positions 1/6

ARABIS

- Flore Pleno. Tiny white fragrant flowers 1/6

ARENARIA

- Balearica. Moss-like plant with small white flowers 1/6

Isophylla Alba, 3 in. White flowers 1/6
Laurie. Extra free flowering lavender-blue 1/6
Pulla, 1 ft. Deep purple drooping bells . . . 2/-
Pumila Alba, 6 in. Masses of white bells . . . 1/6
Pumila, Miss Willmott, 6 in. Masses of light blue bells 1/6
Rotundifolia, 1 ft. The English Harebell. Pale blue flowers 1/6

CERASTIUM

- Tomentosum*. Silvery foliage and white flowers 1/6

CHEIRANTHUS

- Linifolius*. Pretty soft mauve flowers . . . 1/6

CONVOLVULUS

- Cantabricus*. Pink flowers 1/6
Mauritanicus. Lavender-blue flowers 1/6

COTONEASTER

- Congesta*. Bright berries in Winter 2/6
Horizontalis. Flowers white flushed pink, bright red berries 2/-

CRUCIANELLA

- Stylosa*. Pink flowers; very hardy 1/6

CYCLAMEN

- Hardy Varieties for Rockwork, etc.—
Arkinsii roseum. Pink flowers 1/6
Cilicicum. Pink, carmine eye 1/6
Europacum. Crimson 1/6
Neapolitanum. Rosy pink, ivy-leaved 1/6

DIANTHUS ALPINUS

- The plants produce masses of single and semi-double sweetly scented flowers on thin wiry stems. In 12 Named Varieties 15/- doz.; 1/6

DIASCIA

- Barbarae Salmon Queen*. Salmon-pink flowers 1/6

EPIMEDIUM

- Macranthum*. Foliage tinted bronze, flowers red and violet 1/6

ERIGERON

- Aurantiacus*. Velvety foliage and orange coloured flowers 1/6

ERINUS

- Alpinus Carmineus*, 4 in. Rose coloured flowers 1/6

FELICIA

- Petiolata*. Rose-pink Daisy-like flowers . . . 1/6

FICUS

- Minima*. The small-leaved climbing Fig . . . 1/6

FUCHSIA

- Procumbens* (syn. *Kirkii*). Bronzy yellow flowers, followed by red berries in Winter 1/6

GENTIANA

- Acaulis*. Large rich blue bells 1/6

GERANIUM

- Sanguineum*. Large red flowers 1/6

GEUM

- Borissii*. Orange-scarlet flowers 1/6

GYPSOPHILA

- Repens Rosea*. Masses of pale pink flowers . . 1/6

HELIANTHEMUM (Rock Roses)

- Beauty*. Bright rose colour 1/6
Fireball. Brilliant flaming orange 1/6
Gold Tip. Pale green foliage tipped-with gold 1/6
Rhodanthe Carmuem. Silvery foliage and flesh-pink flowers 1/6
Rose Queen. Rose coloured flowers 1/6
Rubens. Orange flowers 1/6
Sudbury Gem. Rich crimson 1/6
The Bride. Silvery foliage and white flowers 1/6
Tuberaria. Yellow flowers 1/6

HEDERA (Ivy)

- Tricolor Variegata*. A small-leaved variety with pretty variegated foliage 1/6

HYPERICUM

- Fragile*. Glaucous foliage and large yellow flowers 1/6

JASOINE

- Humilis*. Like small blue Scabious 1/6

LANTANA (Trailing Variety)

- Sellowiana*. Light purple flowers 1/6

LINARIA

- Cymbalaria*. Dainty lilac and orange flowers 1/6

LITHOSPERMUM

- Prostratum*. Rich gentian blue flowers . . . 2/-

LYCHNIS

- Alpina*. Pretty rose coloured flowers 1/6

- Montana, D. Masses of white and cream star-shaped flowers 2/-
Montana Rosea, D.. Pale pink flowers in great profusion 2/-
Montana Rubens, D. Deep rose-pink flowers. Very fine. See Coloured Pages.

COBAEA

- Scandens, E. Violet bell-shaped flowers . . . 1/6
Scandens Alba, E. White bell-shaped flowers 1/6

FICUS (Climbing Fig)

- Minima, E. Small dark green leaves 1/6
Radicans, E. Large golden-green leaves . . . 1/6
Stipulata, E. Small leaves. A splendid evergreen self-climbing climber for growing on brick walls and rockeries 1/6

FUCHSIA (Climbing Fuchsia)

- Kirkii (Syn. Procumbens), E. Small round leaves, crimson berries in Winter 1/6

GELSEMIUM (Carolina Jasmine)

- Sepervirens, E. Yellow flowers 2/-

HARDENBERGIA (Native Sarsaparilla)

- Comptoniana, E. Masses of blue pea-shaped flowers 1/6

HEDERA (The Ivy)

- Helix, E. The common green Ivy 1/-
Maderiensis Variegata, E. Large leaves margined creamy white 2/-
Tricolor Variegata, E. Small leaves, beautifully variegated, green, cream and pink . . . 1/6

HOYA (Wax Flower)

- Carnosa, E. Beautiful pink waxy flowers . . . 2/6

IPOMEA (Convolvulus or Morning Glory)

- Learii, E. A large blue perennial convolvulus 1/6

JASMINUM

- Beesianum, E. Rose coloured flowers 1/6
Grandiflorum, E. Sweet scented, white flowers 1/6
Nudiflorum, E. Golden yellow flowers in Winter 1/6
Poiciocum, E. Large white star-shaped flowers 2/-
Revolutum, E. Yellow flowers in panicles 1/6
Stephanense, E. Clusters of fragrant soft pink flowers 2/-
Suavissimum, E. White, sweet-scented . . . 1/6

KENNEDYA (Native Bean Climber)

- Doria, E. Bright scarlet flowers 2/-
Nigricans, E. Flowers black and yellow . . . 2/-
Rubicunda, E. Red, rampant grower 1/6

LATHYRUS (Perennial Peas)

- Latifolius Alba, E. Pure white 1/6
Latifolius Rosea, E. Pretty rose shade . . . 1/6
Pubescens, E. Delicate clear blue 1/6

LONICERA (Honeysuckle)

- Aurea Reticulata, E. Yellow flowers, foliage veined yellow 1/6
Caprifolium, E. Woodbine or English Honeysuckle 1/6
Confusa, E. Pale yellow flowers 1/6

LONICERA (Continued).

- Fragrantissima, E. Cream scented flowers in Winter 1/6
Hildebrandiana, E. Large flowers, changing from yellow to orange red 2/-
Sinensis, E. White and red 1/6

LOTUS

- Peliorhynchus, E. Pea-shaped scarlet flowers for rockeries or hanging baskets 1/6

MANDEVILLEA

- Suaveolens, D. Snowy white; sweet-scented flowers 1/6

MANETTIA (Manettia Vine)

- Bicolor, E. Yellow and red flowers 2/-

MILLETTIA (The Evergreen Wistaria)

- Megasperma, E. Panicles of Wistaria-like purplish-white flowers 3/6

MUEHLENBECKIA

- Complexa, E. Maidenhair-like foliage on wiry stems. Splendid for covering fences or buildings or for window boxes. Very hardy 1/6

PASSIFLORA (Passion Flower)

- Coerulea, E. Blue flowers 2/-
Constance Elliott, E. White flowers 1/6
Edulis, E. The edible Passion Fruit 9/- doz.; 1/- each

- Imperatrice Eugenie, E. Blue and white . . 2/-
Sanguinolenta, E. Pinkish-red flowers in great profusion 1/6

PHASEOLUS (Snail Flower)

- Caracalla, E. Curiously curled lilac and cream flowers, which are deliciously scented . . . 1/6

PHYSIANTHUS (Kapok Climber)

- Albens, E. White flowers, sweet-scented . . . 2/-

POLYGONUM (Climbing Dock)

- Baldschuanicum, D. Panicles of creamy-white flowers 2/-
Repens, E. Beautifully marked foliage and small pink flowers. Very useful for rockeries and for hanging baskets 1/6

RHYNCHOSPERMUM (Star Jasmine)

- Jasminoides, E. Sweetly-scented white flowers 2/-
Jasminoides Argentea Variegata, E. Variegated foliage and sweetly-scented flowers . . 2/6

SMILAX

- Medeoloides Myrtifolius, E. Foliage light and elegant 1/6
Mauritanicus Variegata, E. A hardy variety with variegated foliage; good for window boxes 2/-

SOLANDRA

- Grandiflora, D. Yellow trumpet-shaped flowers up to a foot in length 2/6

SOLANUM (The Potato Climber)

- Jasminoides, E. Small white flowers 1/-
Jasminoides Variegata, E. White flowers, foliage variegated 1/6
Wendlandii, E. Large trusses of pale blue flowers. One of the most handsome climbers in cultivation 2/-

THE LILY-OF-THE-VALLEY-LIKE FLOWERS OF ANDROMEDAS ARE CHARMING.

CLIMBING AND TWINING PLANTS (Continued).

TACSONIA (Passion Flower)

- Exoniensis*, E. Bright rose-pink flowers . . . 2/-
Manicata, E. Rich scarlet flowers . . . 2/-
Mollissima, E. The Edible Banana Passion
 Fruit. Flowers pink . . . 15/- doz.; 1/6 each
Taylorii, E. Cerise pink flowers . . . 2/-
Van Volxemi, E. Bright crimson flowers . . 2/-

TECOMA (See *Bignonia*)

THUNBERGIA (The Orange Glory Creeper)

- Gibsonii*, E. Orange-tango coloured flowers.
 Needs a warm position protected from frosts . 2/6

VITIS (Ornamental Vine)

- Alicante Bouchet*, D. The foliage turns to
 beautiful colours in the Autumn . . . 2/

WISTARIA (Glycine)

- Multijuga*, D. Purple flowers . . . 2/6
Multijuga Alba, D. Pure white flowers . . . 2/6
Multijuga Rosea, D. Pale rose pink . . . 2/6
Sinensis, D. Lavender. The old variety . . . 2/-
Sinensis Alba, D. White . . . 2/6
Sinensis Flore Pleno, D. Double lavender . . 2/6

Hedge Plants

For fuller descriptions of the following, see Shrubs and Trees.

BERBERIS DARWINII.—Makes a neat hedge up to about 4 ft. Plant 3 ft. apart . . . 15/- doz.

BERBERIS THUNBERGII ATROPURPUREA.—Makes a beautiful small hedge up to 4 ft. Plant 3 ft. apart. See coloured pages . . . 36/- doz.

CRATAEGUS CRENULATA.—Makes a hedge up to 5 ft. high. Plant 3 ft. apart . . . 15/- doz.

COPROSMA LUCIDA.—A very useful hedge plant for growing near the sea-coast and in sandy soil. 6 ft. 15/- doz.

CUPRESSUS BRUNNIANA AUREA (syn. *Macrocarpa Aurea*).—Golden foliage, makes a good hedge up to 8 ft.; is inclined to burn in hot districts. Plant 3 to 4 ft. apart 30/- doz.

CUPRESSUS MACROCARPA.—From seed ; better for wind breaks than for hedge purposes as it often dies out in certain soils when cut back 9/- doz., 60/- 100

CUPRESSUS LAMBERTIANA HORIZONTALIS.—Makes a splendid hedge from 6 to 12 ft. high. Plant 5 ft. apart 30/- doz.

CUPRESSUS LAMBERTIANA HORIZONTALIS BLESSINGTONIANA.—This variety makes an excellent hedge from 6 to 12 ft. high. It is of more rapid growth than "*C. Lambertiana Horizontalis*" and the foliage is of much finer texture. It is equally as good for breakwinds. Plant 5 ft. apart 30/- doz.

CUPRESSUS LAMBERTIANA HORIZONTALIS AUREA.—Makes a very fine hedge up to 8 ft. in height. Foliage golden. Plant 4 to 5 ft. apart. 36/- doz.

CUPRESSUS TORULOSA.—From cuttings, makes a fine hedge up to 8 ft. Plant 2 to 3 ft. apart 30/- doz.

EUGENIA SMITHII.—Makes a hardy hedge plant up to 6 ft. or more in height. Plant 3 ft. apart 18/- doz.

GREVILLEA ROSMARINIFOLIA.—Makes a compact hedge up to 4 ft. or more. Plant 3 ft. apart. Thrives in poor soil 18/- doz.

LEPTOSPERMUM NICHOLII.—The crimson flowered ti-tree. Makes an ideal small hedge up to 4 ft. For sandy soil. Plant 3 ft. apart.

LONICERA NITIDA.—Box-like small dark green foliage, makes a good hedge from 3 to 4 ft. high. Plant 3 ft. apart 18/- doz.

PHOTINIA SERRULATA (Chinese Hawthorn).—Makes a hedge up to 6 ft. or more. Plant 4 ft. apart 18/- doz.

PITTIOSPORUM CRASSIFOLIUM.—A useful variety for growing near the sea-coast. Makes a hedge from 8 to 10 ft. high. Plant 3 ft. apart 12/- doz.

PITTIOSPORUM EUGENOIDES.—Makes a hedge up to 6 ft. in height. Plant 3 ft. apart . . 12/- doz.

PITTIOSPORUM UNDULATUM.—Large. dark green leaves and sweetly scented flowers. Good for dry conditions. Makes a hedge up to 6 ft. in height. Plant 3 ft. apart 12/- doz.

PLUMBAGO CAPENSIS.—Light green foliage and pretty blue flowers. Makes a hedge up to 4 ft. high and thrives in the poorest soil. Plant 3 ft. apart 15/- doz.

PRIVET, CALIFORNIAN GOLDEN VARIETATED.—This variety must not be confused with the old Golden sort known as "*Golden City*." The Californian variety is beautifully variegated; it makes a hedge up to 5 ft. in height. Plant 2 ft. apart in double rows. Plants from the open ground from May till September . . 3/6 doz., 25/- per 100
 Plants in pots during Summer 7/6 doz., 50/- per 100
 (Specimen plants for shaping, price on application.)

PRIVET EVERGREEN (*Ligustrum Vulgaris*).—The common green Privet. Makes a compact hedge 4 to 5 ft. high. Plant 2 ft. apart in double rows 3/- doz., 20/- per 100

ROSE, "SUNNY SOUTH".—Semi-double pink flowers flushed carmine. Stems nearly thornless. Makes a good hedge up to 6 ft. Plant 3 ft. apart 15/- doz.

SALT BUSH.—The small leaved variety forms a dense compact hedge 3 to 4 ft. high, thrives in dry, poor soils. Plant 2 to 3 ft. apart 7/6 doz., 50/- 100

TREE LUCERNE (*Cytisus Proliferous*).—Makes a good hedge up to 8 ft. in height; requires well-drained soils. Plant 2 ft. apart 9/- doz.

VIBURNUM TINUS (*Laurustinus*).—Makes a good hardy hedge up to 5 ft. Plant 3 ft. apart 15/- doz.

Fruit Trees

If the variety of Fruit Tree you require is not listed here, do not hesitate to order it, as we can supply 250 varieties other than those in this Catalogue.

WRITE FOR SPECIAL QUOTATIONS FOR LARGER QUANTITIES

List of abbreviations for Apples.

K., Kitchen or Cooking Variety; D., Dessert or Eating Variety; K.D., Good for Dessert as well as for Cooking; give preference to its cooking qualities; D.K., good for Cooking as well as Dessert. give preference to its Eating Qualities.

S., ready for use in the Summer; A., ready for use in the Autumn; W., ready for use in the Winter; A.W., ready for use in the Late Autumn and Winter.

POLLENISATION.—Some fruit trees will not set their fruit unless some other variety, flowering at the same time, is planted near; as a guide, we have marked the varieties that benefit by cross pollenisation: Nos. 1, 2 and 3; No. 1 being the first to flower, No. 2 the second, and No. 3 the last to flower.

ALMONDS.

Price, 1/6 each, 15/- per dozen.

CHELLASTON.—A new almond from South Australia, said to be a great acquisition.

HARRIETT'S SEEDLING.—An extra fine soft shelled variety.

HATCHE'S NONPAREIL.—A very fine almond, large kernel, and very thin shell, being the thinnest we know of, thus losing very little weight after being shelled.

I.X.L.—One of the best; nuts very large, shell soft.

NONPAREIL.—Thin shell; bears heavy and regular.

LARGE PAPERSHELL.—Good kernel; shell easily broken.

PEERLESS.—Good, sweet nut; paper shell.

APPLES.

Price, 1/6 each, 15/- per dozen.

Worked on Northern Spy **BLIGHT-PROOF** Stocks, which means not subject to blight below the bud or graft.

COX'S ORANGE PIPPIN, D., A., 2.—Round and flat, greenish yellow, shaded and splashed with red stripes. Richly flavoured dessert.

DELICIOUS, D., A.W., 2.—Conical, with prominent crown and deep eye, yellow striped, and shaded rich red. Exquisite flavour and good keeper.

FIVE CROWN, K.D., W., 3.—Round, clear waxen yellow. Superior for cooking or dessert.

GRANNY SMITH, D.K., W., 1.—Conical, bears well. Good for export or keeping.

GRAVENSTEIN, D., S., 1.—Round, yellow striped, and splashed a handsome red.

IRISH PEACH, D., S., 1.—Round, yellow, covered with reddish purple bloom. A good flavoured, early dessert variety.

JONATHAN, D., A.W.—Highly coloured, one of the best market and export varieties.

MUNROE'S FAVOURITE, K.D., A.W., 1.—Round, yellow, with reddish brown flush in sun. Good exporter.

NORTHERN SPY, D., A.W., 3.—Round yellow, handsomely striped and flushed a purplish-red. Yellow flesh.

PEASGOOD NONSUCH, K.A.—Large and perfect shape, coloured.

POMME DE NEIGE, D., A.W., 2.—Round, flesh snow white, tender, juicy and sweet. A favourite dessert apple.

REINETTE DU CANADA, K., A.W., 2.—Round, green, small dots on skin. An old favourite. Flesh yellowish white, firm, juicy, and rich flavour.

ROME BEAUTY, D., W., 3.—Round and flat, yellow flushed, and striped with red. Heavy bearer. Keeps well. Export variety.

STATESMAN, D., W., 1.—Conical, yellow striped and flushed red. Heavy bearer. Good keeper.

STEWART'S SEEDLING, K., W.—Large green, heavy bearer.

STONE PIPPIN, K.D., W., 1.—Greenish yellow, with faint red blush in sun. A well-known old keeping variety.

TASMA (syn. Democrat), D., W., 3.—A splendid New Apple, raised in Tasmania. Red, and of good quality. Will keep till Christmas without cool storage.

WILLIAMS' FAVOURITE, D. S., 2.—Conical, skin dark red. A consistent bearer. Suitable for cooking or dessert. Strong grower.

WILLIE SHARP, D., S.A.—Like Cleopatra without its faults. The coming money maker on the export trade; wonderful keeper.

YATES, D. W., 1.—Round and flat, skin yellow, splashed and shaded a handsome deep red. A heavy bearer, and a late keeper.

APRICOTS.

These all flower at about the same time.

Price, 1/6, 15/- per dozen.

EARLY MOORPARK.—Resembles Moorpark. Good bearer.

EARLY NEWCASTLE.—Medium size, excellent flavour.

MANSFIELD SEEDLING.—Large. One of the best grown. Medium season.

MOORPARK.—Large superior quality. One of the best. Medium season.

OULLIN'S EARLY.—Delicious flavour. Good bearer. Early season.

TILTON.—Large, rich colour. Medium season. Good for canning and drying.

PYRUS PARKMANNII IS A LOVELY PINK-FLOWERING CRAB-APPLE.

FRUIT TREES (Continued).

CHERRIES.

Price, 2/6 each, 24/- per dozen.

- BEDFORD PROLIFIC**, 1.—Large black Cherry. Heavy bearer. Medium season.
BLACK EAGLE, 1.—Large, regular bearer. Good Medium season.
BIGARREAU TWYFORD, 1.—Pale yellow and red. Excellent quality. Large. Early.
BURGS DORF'S SEEDLING, 1.—A first-class black variety. Early.
EAGLE'S SEEDLING, 2.—A first-class Cherry, fruit black and of large size, flesh firm; a heavy bearer. Medium late.
FLORENCE, 2.—Dark red. A good bearer. Hardy. Firm flesh. Good market kind. Late.
ST. MARGARET, 2.—Large black Cherry. First-class market variety. Late.

FIGS.

Price, 1/6 each, 15/- per dozen.

- BROWN TURKEY**.—Large, long, brown, good bearer.
GROS VERTE.—Red flesh of good quality.
LARGE BLACK GENOA.—Large, good flavour and bearer.
ST. DOMINGO.—Medium size, dark, rich. A splendid fig for the south.
WHITE GENOA.—Long, brown, rich, good bearer.

LOQUATS.

Named varieties of Loquats are budded on Quince Stocks. By this means they are made to bear fruit when quite young.

Best Named Sorts, 2/6 each.

NECTARINES.

Price, 1/6 each, 15/- per dozen.

- GOLDMINE**, 1.—Very large fruit, juicy and sugary. A most delicious flavour. Medium.
HUNT'S TAWNY, 2.—Pale orange and dark red. One of the best. Early.
NEWBOY, 1.—Large, handsome fruit of crimson colour. Flesh white, juicy and sweet. Medium.

PEACHES.

Price, 1/6 each, 15/- per dozen.

- BRIGG'S RED MAY**.—Highly coloured. Rich and juicy. Early.
ELBERTA.—Large, handsome; bears well. Good drying Peach. Medium.
HALE'S EARLY.—Lightly coloured, hardy and good. Just follows Briggs. Early.
HAWKESBURY CHAMPION.—A late freestone of first-class quality. Tree a vigorous grower and heavy cropper. Late.
J. H. HALE.—A wonderful bearing Peach for freestone use, sometimes called "Million Dollar Peach"; very large. Medium.
ROYAL GEORGE (Slipstone).—Large, magnificent quality; good bearer. One of the best mid-season varieties. Medium.
SWEET SEVENTEEN.—Highly coloured freestone for shop trade and market. Early.
WIGGINS.—A large, good coloured, early free stone, Ripe about Christmas. Early.

PEARS.

Price, 1/6 each, 15/- per dozen.

- BEURRE BOSC**, 2.—Large, long Pear. First-class quality. Dessert.
JOSEPHINE DE MALINES, 3.—One of the best late dessert varieties.
KEIFFER'S HYBRID, 1.—Hardy, excellent quality, with a flavour of the Pineapple.
PACKHAM'S TRIUMPH, 2.—A first-class all-round Pear.
VICAR OF WINKFIELD, 2.—One of the best of late kinds; large. Cooking.
WINTER NELIS, 2.—First-class late dessert. Well known.
WILLIAMS' BON CHRETIEN, 3.—Well-known variety. Dessert.

PLUMS.

Price, 1/6 each, 15/- per dozen.

- ANGELINA BURDETT**, 1.—Large, early, purple. Highly recommended.
CHERRY PLUM.—Red variety. Makes a very profitable hedge and breakwind when planted six feet apart.
CHERRY PLUM.—Yellow; similar to the old red variety. Matures before others of its class.
DAMSON, OLD ENGLISH, 2.—Good variety for jam. Medium.
DAMSON, CRITTENDEN, 2.—Large; good bearer. Late.
DIAMOND, BLACK, 1.—Large, profitable and prolific.
EARLY ORLEANS, 1.—Well-known early Plum.
GRAND DUKE, 1.—Profitable variety; large; purple.
GREEN GAGE, 2.—An old well-known variety.
JEFFERSON, 2.—Large, yellow. Very sweet and good.
PRESIDENT, 1.—Large, oblong, purple. Flesh firm and sweet. Good keeping quality.
YELLOW EGG OR MAGNUM BONUM, 2.—Large, well-known variety.
PRUNE D'AGEN, 1.—The standard Prune for drying.
PRUNE, SPLENDOR.—Large and good quality, dark. Makes excellent jam.
YELLOW GAGE, 2.—This variety is much sought after by factories and housewives on account of its good jam-making qualities. A medium early variety.

JAPANESE PLUMS.

All these Plums are great bearers, and are noted for their small stones and early fruiting qualities. Fine subjects for training on fences or walls.

Price, 1/6 each, 15/- per dozen.

- BURBANK**, 2.—A vigorous grower, and an early and prolific bearer.
CLIMAX.—Fruit heart shaped, large. Medium.
KELSEY, 2.—Greenish yellow, covered with red on sunny side. A good drying Plum. Late.
SATSUMA or BLOOD, 1.—Tree is very hardy and vigorous; fruit large and globular; colour dark red; very rich and juicy. Early.
WICKSON, 1.—A beautiful crimson, with a white bloom. A good variety. Medium.
WRIGHT'S EARLY, 1.—The earliest variety. Very much like Burbank. Early.
